WILL COME ROUND

CABINET THINKS CUBANS ARE
FEELING BETTER.

THE SITUATION DISCUSSED

BELIEVE PLATT AMENDMENT
WILL BE ACCEPTED.

CIVIL RULE IN PHILIPPINES

SOON TO BE PROCLAIMED BY
EXECUTIVE ORDER.

Washington, June 7.—The cabinet was in session over two hours today discussing the Cuban and Philippine situations. A communication has been received from Governor General Wood regarding the prospect for the unconditional acceptance of the Platt amendment, but its contents is not made public. It can be stated with assurance that there is a hopeful feeling in administration circles that after the first soreness wears off the convention will see the wisdom of adopting the terms of the amendment. The answer to General Wood is to be sent and the language of that communication was under discussion today. Meantime the existing status in Cuba is to be maintained. No action looking to the calling of another convention is in contemplation of the present convention should decide to accede to our terms. The program looking to the establishment of civil government in the Philippines is being formulated in the shape of an order which is to be promulgated shortly.

It is said that there is no definite conclusion as to whether the powers of the civil administration will be exercised under the general war powers of the president or the authority vested in him by the Spooner amendment. That, however, is considered a matter of detail. The main point is that the civil administration, which will be confined largely to the municipalities, will be vested in the head of the Taft commission and such other officials as may be designated, and that will exercise their functions subject to the direct authority of the secretary of war, to whom all reports will be made. Civil administration under military supervision, such as is contemplated, is said not to be anomalous, and the civil government in New Mexico and the southern states during the early stages of the reconstruction period are pointed to as substantially analogous to what is proposed in the Philippines.

FOR MARDI GRAS NIGHT.

The most picturesque feature of the Elks' state meeting will be the masked street carnival on Tuesday evening and the members of the local lodge have invited their friends to turn out and help make the affair a success.

Following is the line of march: Start at the city hall, forming parade between Berry and Columbia streets, on Berry; march west on Columbia to Calhoun; south on Calhoun to Washington; east on Washington to Clinton; south on Clinton to Lewis; west on Lewis to Calhoun; north on Calhoun to Berry; east on Berry to Clinton and disperse.

The prizes are as follows: Best costume, gentleman, silk umbrella; next best costume, gentleman, box 10 cent cigars; best costume, lady, silk parasol; next best costume, lady, leather seat rocker; most comical costume, gentleman, pair fine shoes; most comical costume, lady, pair fine shoes; next comical costume, gentleman, fishing rod and reel; next comical costume, lady, 5 pound box fine candy. The judges will be Messrs. T. F. Bresnahan, of the Journal-Gazette; John T. Dougall, of the News; Harry Askew, of the Sentinel, and the reviewing stand will be located at the corner of Berry and Calhoun streets.

HE TOOK LAUDANUM.

Columbia City, Ind., June 7.—Thursday morning Jacob Rump, an old and well-known resident of Columbia City, swallowed an ounce of laudanum with suicidal intent. Later he told his wife of his action, saying he was tired of life. The prompt efforts of physicians neutralized the effects of the drug, and it is believed the patient will recover.

INDIANA POSTMASTERS.

Washington, June 7.—The following Indiana postmasters have been appointed by the president: Pendleton, Calvin F. Brown; Plymouth,

Joseph A. Yockey; Wabash, J. M. Orain.

BERNHARDT TO PLAY ROMEO.

London, June 7.—Sarah Bernhardt will play Romeo for 100 nights in America to Maude Adams' Juliet. This important theatrical event was arranged last evening at a supper given by Sarah Bernhardt to Charles Frohman, at which Maurice Gran, her manager, was also present. Mme. Bernhardt will play in England, and after the American tour the two actresses will appear here and on the continent.

MRS. MCKINLEY'S CONDITION.

Washington, June 7.—Mrs. McKinley's physicians were in consultation over an hour this forenoon and at 11:45 o'clock the following statement was issued:

"Mrs. McKinley's physicians state that her condition is about the same as reported yesterday. There has been no material change in the past twenty-four hours."

The examination of Mrs. McKinley's blood, which has been made under the direction of the attending physicians, showed negative results, there being no evidence of blood poison.

G. L. PECK IS MANAGER

SUCCEEDS G. L. POTTER ON
PENNSYLVANIA LINES.

J. J. Turner Fourth Vice President
and Ralph Peters Succeeds Peck.

Philadelphia, Pa., June 7.—Meetings of the directors of the Pennsylvania company and of the Pittsburgh, Cincinnati, Chicago and St. Louis Railroad company, known as the Panhandle system, were held here today with the result that both companies were reorganized. A. J. Cassatt was re-elected president of the Pennsylvania company; James S. McCrea, first vice president; J. T. Brooks, second vice president, and Joseph Wood, third vice president.

J. J. Turner was elected to succeed L. F. Loree as fourth vice president. S. B. Liggett was appointed secretary with Stephen White and S. S. Church as assistants. The latter will have offices at Pittsburgh.

T. H. B. McKnight was appointed treasurer and George L. Peck general manager, vice G. L. Potter, resigned.

At the meeting of the Panhandle company J. J. Turner was elected a director and fourth vice president in place of L. F. Loree and George L. Peck was appointed general manager, vice George L. Potter, both resigned. Ralph Peters was appointed general superintendent in place of George L. Peck and James McCrea was made superintendent of the Cincinnati division in Mr. Potter's place. Mr. Loree was retained on the board of directors of the Panhandle system. This was accomplished through the retirement of Amos K. Little.

MANY VISITORS IN THE CITY

DISTRICT MEETING OF THE
TRIBE OF BEN HUR.

Picnic at Robison Park This After-
noon—Will Initiate Can-
didates Tonight.

At least 600 visiting members of the Tribe of Ben Hur are in Fort Wayne today participating in the district meeting of that fraternity, and many others are expected in time to participate in the exercises this evening. Nearly every train this morning brought in its quota of the members, and most of the towns and cities surrounding Fort Wayne are represented in the guests.

Almost immediately on their arrival the visitors boarded cars for Robison park, where a basket dinner was enjoyed. Following this came a program made up of music and addresses. C. E. Carter, of Logansport, was the presiding officer, and an address was delivered by Supreme Chief D. W. Gerard, of Crawfordsville. A number of races and other athletic events closed the afternoon program. Tonight at the hall of court No. 15 a class of 34 candidates will be received, the degree being conferred by the Columbia City ladies' drill team. A number of addresses will be delivered and a banquet will close the program. D. W. Gerard, supreme chief, and F. L. Snyder, supreme scribe, arrived at noon today and are guests of the New Avenue.

WAS A BAD BLAZE

WAYNE HOTEL SUFFERS BIG
DAMAGE FROM FIRE.

LOSS IS CLOSE TO \$20,000

UPPER PORTION WAS GUTTED
THURSDAY NIGHT.

FALLING WALL ADDS TO RUIN

WATER AND SMOKE CONTRI-
BUTE TO THE HAVOC.

The Wayne hotel, on West Columbia street, suffered a damage estimated at fully \$20,000 by fire which raged with fearful fury over the upper portion of the house Thursday night and came perilously near sweeping the big hotel out of existence.

The attic was completely gutted, fire communicated to many of the rooms upon the fourth floor, and several hours later a thirty-foot section of a rear partition wall, extending from the top of the hotel downward, soaked and weighted by the tons of water pumped into the building, collapsed with a frightful crash, carrying the greater portion of six rooms with it and adding tons of debris to the general havoc and ruin.

The blaze, which gave the fire department one of the hardest fights in many years, was discovered at 10:42 o'clock by Officer Thoma, who was walking opposite the building on Columbia street. Smoke was issuing from the cornice at the north-west corner of the building and further back of this a slight blaze was gnawing its way through the roof.

OFFICER SENT ALARM.

The officer called to Clerk Will Collins and pointed upward as he ran to the call box and turned in the alarm. Collins hurried outside and glancing up saw the smoke. He summoned a force of hotel attaches and the proprietor, G. J. Mills, and they rushed for the upper floors of the house. A glance showed that the fire had already secured an alarming start and the hotel employees lost no time in arousing the guests.

Seventy-two of the 107 guest rooms in the hotel were occupied and in an incredibly short time the sleepers, hastily awakened, came rushing from their rooms in varied attire, panic-stricken and carrying such of their belongings as could be hastily collected. Sergeant Phillips, Officer Borgman, Officer Thoma and Officer Rohrer had reached the scene and assisted in the work of arousing the guests and getting them to a place of safety.

SENT GENERAL ALARM.

Five companies 1, 3 and 6 made a quick response to the first alarm, but soon after their arrival the practiced eye of Chief Hilbrecht saw that the conflagration was more than the three companies could handle, and a general alarm followed. Five additional steamers, as well as the hose and ladder wagons, hurried to the scene. The excitement was intense, for from every section came hurrying crowds attracted by the general alarm, and the streets for a block about the hotel were soon packed with spectators.

Dense clouds of smoke poured from the upper portion of the building and communicated to the rooms below, so that the work of the firemen was rendered doubly difficult. The fire was located in the attic of the building at the rear, but it swept over the entire attic with amazing rapidity, and in a few minutes the entire upper floor of the building was a roaring furnace, and as often as the firemen chopped a hole in the ceiling through which water could be thrown the intense heat drove them back.

WHERE IT STARTED.

The fire undoubtedly originated at the top of the freight elevator shaft, near the southwest corner of the building, and as it swept forward between the roof of the building and the ceiling of the fourth floor it was almost inaccessible to the firemen, who were bending every energy to conquer the blaze. Lines of hose were carried up inside the building and by means of ladders through the windows of the third and fourth floors, and the puffing engines sent stream after stream of water into the building.

While the firemen were fighting the flames at half a dozen points inside the building an immense sheet of flame leaped from the roof of the building, and to the crowd upon the streets it seemed certain that the immense building was doomed. The

extension ladders gave the firemen access to the third and fourth floors, and upon the latter they were called from room to room to fight flames constantly breaking out in a new quarter. Ascent to the roof was impossible, and inside burning brands dropped through the ceilings to the sleeping rooms upon the fourth floor, while over the entire section the dry woodwork of the superstructure was being rapidly licked up.

After the flames in the southwest-ern portion of the building had been conquered new danger was discovered in the eastern portion of the building, where the fire had communicated to the top of the passenger elevator shaft. Hard work finally conquered here, also. The entire attic had been fire-swept, the roof burst through in many places, and though dozens of times there was fire upon the floor beneath the attic, the firemen won a magnificent fight against tremendous odds.

WRECK AND RUIN.

Seven steamers had poured their streams of water into the building unceasingly for several hours, completely soaking the entire building from top to bottom. New and expensive carpets, tapestries and furniture recently installed by the new owner of the hotel, handsome decorations just at the point of completion, were badly damaged by the floods of water and the dense volume of smoke which permeated every portion of the building. Great pools of water spread over the corridors and in the rooms, and to this is ascribed the falling of a large section of the partition wall at the rear of the building, which collapsed soon after 3 o'clock this morning. It took with it the floors and partitions from six rooms and hallway, and the entire mass is dumped into the bar-room of the hotel, filling this room nearly to the top.

The entire upper portion of the house had just been refurnished and redecorated, and in the lobby, the writing room and other apartments of the first floor the decorators were just completing one of the very handsomest pieces of work ever done in the city. Work has been hurried to pre-

COMMENCEMENT EXERCISES

OF COMMON SCHOOLS OF
WAYNE TOWNSHIP.

Annual Exercises Held Last Evening
at School No. 4—Class Address
by Judge Aiken.

The commencement exercises of the common schools of Wayne township were held last evening at school No. 4, and a large audience composed of the relatives and friends of the young graduates, filled the building and listened with interest to the different numbers on the program.

The address to the class was delivered by Judge Aiken, and his subject was "Character." The address contained much useful advice to the young people who were about to enter an entirely different sphere of life. Owing to the illness of County Superintendent Young, Trustee Schirmeyer presented the diplomas to the graduates, with a brief address.

The salutatory address was delivered by Henry Beerman and the valedictory by Miss Maud S. Jackson. Features of the program were the reading of the class history by Mrs. Ethel Barnes, the class promenade by Ralph S. Coleman, the solo by Miss Sophia Nix and the trio by Prof. Roger and two other members of the class. Miss Blanche Sprankle read a very interesting account of the British-Bur war.

The list of graduates is as follows: Maude S. Jackson, No. 4; Harry A. Beerman, No. 2; M. Blanche Sprankle, No. 4; Ralph S. Coleman, No. 4; Mary E. Meschberger, No. 4; George W. Lawrence, No. 2; Bessie E. Jackson, No. 4; John A. Orr, No. 4; Ethel M. Bairus, No. 4.

QUARREL OVER A LOVE AFFAIR

Kokomo, Ind., June 7.—Local papers print details of a sensational episode, in which Capt. Milton Garrigus, of this city, Indiana department commander G. A. R., and Miss Maria Thomas are the principals, and Henry Edwards, an uncle of the girl, a prominent incident. Garrigus, it is told, visited his farm adjoining the Edwards home, and Mr. Edwards accused him of writing love letters to his niece and ward. Garrigus admitted the accusation, and there was a warm time, in which bricks and other missiles figured. Miss Thomas saw the scrimmage between the aged lover and her guardian, and immediately left the house, taking her effects along. The wedding will speedily follow, it is said. The girl's relatives objected to the marriage because of the great disparity of ages.

A PLUCKY SHERIFF

DOWN IN GEORGIA STANDS OFF
MOB WITH REVOLVER.

LYNCHING PARTY IS FOILED

TWO OF THE MOB SHOT AND ONE
WILL DIE.

AFTER A RESPITED NEGRO

GOVERNOR ORDERS TROOPS TO
CARROLLTON, GA.

Carrollton, Ga., June 7.—A mob of 300 white men broke into the jail here this afternoon in an attempt to secure a negro named Williams. In front of the negro's cell the mob was confronted by Sheriff Merrill, revolver in hand.

A fight ensued in which the sheriff shot and wounded two men, one of them, it is believed, fatally.

The mob fired on the sheriff, but he was not hit, although one bullet passed through his hat.

The mob dispersed without getting the negro.

Williams was to have been hanged today for the murder of John Wood, but the execution was postponed owing to an appeal made this morning.

TROOPS ORDERED OUT.

Atlanta, Ga., June 7.—Governor Candler, at 2 p. m., ordered one company of militia to Carrollton by special train. It is feared another attempt will be made to lynch Williams tonight.

APPROVE THE ARMY CANTEN.

St. Paul, Minn., June 7.—By unanimous vote, although with small attendance, the American Medical association this afternoon adopted a report endorsing the movement for the re-establishment of army post canteens. The committee on legislation through the chairman, Dr. L. E. Johnson, presented a report reciting the resolutions adopted by the military surgeons last week and the association then adopted the following resolution:

"Resolved, That this body deprecates the action of the congress in abolishing the army post exchange or canteen, and, in the interest of discipline, morality and sanitation recommends its re-establishment at the earliest possible date."

IN JUSTICES' COURTS.

W. E. Murphy has filed an affidavit in France's court charging Daniel Hurley with having sold whisky to John Murphy, the said John Murphy being already intoxicated at the time the sale was made.

Charles Paris, a booze merchant doing business near Academy, was today fined \$10 and costs by Justice Huser for selling liquor without a license.

DECORATED WITH MEDAL.

At the close of the commencement exercises at Culver Military academy Cadet Lawrence J. Young, of this city, was decorated with a handsome gold medal by Capt. M. R. Adams, assistant inspector general of the United States army, in the presence of 3,000 spectators, the officers of the academy and Governor Shaw, of Iowa. Cadet Young, who holds a commission as captain, won the medal for his proficiency in cavalry drill and horsemanship riding, the latter embracing rough riding, vaulting, hurdle practice, mounting horses while leaping hurdles forward and backward, riding three horses over hurdles and leaping over two horses. Cadet Young was also captain of B company of the infantry battalion. Cadet Carl Burode, another Fort Wayne boy at the academy, was promoted to corporal.

A TRAGEDY SUSPECTED.

Boys fishing in the river near the Clinton street bridge this morning telephoned to the jail that they had several times had their hooks caught on something in the water and on releasing them found what they believed to be human hair on them. The police department was notified and the patrol wagon with several officers, some grappling hooks and a boat were sent to the place. They searched about two hours, but could find nothing more suggestive of a human body around there than an old rubber boot which Officer Romy fished out with much enthusiasm and

the display of considerable piscatorial skill. The incident led to a report on the streets that a woman had suicided by leaping into the Maumee river from the Columbia street bridge and there was a considerable sensation for a little while.

SHOT IN THE BREAST.

Miss Matilda Sanders, of Ottoville, O., who is a guest at the home of Mrs. Theresa Fricke, of 132 Chicago street, was accidentally shot in the breast about 2 o'clock this afternoon by William Schlenker, a young man living nearby, who was shooting sparrows with a target rifle. The young lady was standing at the window in the Fricke home when one of the bullets glanced off and struck her, inflicting a painful flesh wound. Dr. W. D. Calvin dressed the injury and no serious results are looked for.

HAD A TASTE FOR PAINT.

Several valuable cows upon the dairy farm of Peter Certia south of the city ate a quantity of paint which was left within their reach a few days ago. Two of the cattle are dead and another is dangerously sick.

AN ALL-AMERICAN VICTORY

CAP AND BELLS II. WINS THE
OAKS AT EPSOM.

Event is Second Only to Derby—
Horse, Owner and Jockey are
Genuine American Bred.

London, June 7.—Another of Britain's great racing trophies has been captured by America, Foxhall P. Keene having won The Oaks with Cap and Bells II., ridden by Milton Henry. The owner, horse and jockey are all thoroughbred Americans, and the victory was not diluted, as it was in the case of the derby. Yesterday

long odds were obtainable against the American horse, but the odds shortened this morning until Cap and Bells II. stood at the head of the list and started at 9 to 4 against. The hollowness of the victory detracted from the interest in the race. The conditions of the race were as follows:

The Oaks stake of 4,500 sovereigns by subscriptions of 50 sovereigns each, for three-year-old fillies, to carry 126 pounds each, about one mile and half.

The following was the result in detail:

Foxhall P. Keene's bay or brown filly, Cap and Bells II., Dominic Ben My Chree, first; Lord Ellesmere's brown filly St. Binette, Kelwarty Sabra, second; Richard Croker's bay filly Minnie Dee, Fitz-Simon's Daughter, third.

HERE TO SEE HICKS PROCESS

MANY MEN INTERESTED IN

MINING AFFAIRS.

Come to Fort Wayne to Witness Ex-
traction of Gold and Silver
From the Ores.

Quite a large party of gentlemen interested in mining affairs are in the city today to witness a public test of Dr. Hick's process of extracting gold and silver from the ores, and the experiments are conducted at the Bass works, where a complete plant has been fitted up.

The event is under the auspices of the Hicks Gold and Silver Extraction company, in which a large number of Fort Wayne gentlemen are interested, and two tons of selected ore from the Dahlengau mines, including the famous Findley chute, are to be used in making the test. The complete process will require three days for demonstration and the initial steps were taken this morning in the presence of a large number of visitors.

Among those here to witness the test are H. C. Martin, Los Angeles; E. H. Cook, Denver; W. M. Fisher, John and Louis Seibert, G. C. Scott, E. G. Dunbaugh, J. D. Cole, E. B. McCarter, H. B. Deardorff, J. J. Fulen, L. Krumm, E. F. Miller, Joseph Erb, Robert Safford, E. F. Glock, J. M. Briggs, T. L. Bigelow, L. W. Barron, Columbus, Ohio; George Creed, Sterling Martin, Lancaster, Ohio; G. H. Bryman, W. E. Hettrick, Ferd Welch, Frank G. Thompson and F. W. Bainbridge, Toledo; E. L. Reor, St. Clair, Mich.; A. R. McIntyre, A. B. Godsmark, J. W. Merea, Battle Creek; C. H. Campbell, Chicago; J. G. Rosenthal, J. R. Simpson and F. R. Adams, Delaware, Ohio.

SICK BOY THERE

ALLEGED CASE OF SMALLPOX IN
POLICE COURT.

THE PARROTT TRIAL BEGINS

ATTORNEY BREEN ASSAILS
JUDGE LOUITT.

SAYS HE HAS NO AUTHORITY

CASE CONTINUED TO HEAR AR-
GUMENTS.

There was considerable suppressed excitement about police court when the case against George Parrott, charged with having removed a smallpox card from his house, was called for trial. The allegations upon which the charge was based were set out in Thursday's Sentinel. The city and county health officers both diagnosed a case of alleged chickenpox to be unmistakably smallpox, from which the patient, a little four-year-old boy, was convalescing. A card was put on the house announcing that the occupants had been exposed to smallpox, which card Mr. Parrott immediately tore down. Another card was put up and several others, and all were torn down. Thursday two affidavits were filed against Mr. Parrott and this morning was set for the hearing of the cases.

Owing to another professional engagement, City Attorney Shambaugh was obliged to delegate Col. R. S. Robertson to represent the city in the trial.

Mr. Parrott was on hand himself and was accompanied by his attorney, W. P. Breen, and to add a little spice to the occasion the boy said to be convalescing was also brought into court and played about his father's knee while the trial was in progress. When it was announced that the alleged smallpox victim was in court there was a little commotion in the lobby, but it soon subsided. After reading the affidavit, Mr. Breen created a mild sensation by filing an objection to the jurisdiction of the court, setting up in very forcible language that Judge Loutitt is not a judge at all; that prior to the 6th day of May, 1901, there was no provision made for the election of a judge for the municipal court of Fort Wayne, and that the said judge had not been appointed by the governor and therefore was not entitled to sit; that his assumption of the duties of a judge was at variance with the laws of the state, the constitution of the state and the constitution of the United States.

The objection was promptly overruled by Judge Loutitt. Attorney Breen then filed a demurrer, alleging the usual insufficiency of facts to sustain a cause of action, and further that the city had no right to pass an ordinance such as is on the ordinance books relating to the removal of cards such as are in question. The demurrer was argued at some length and was overruled, after which the defendant entered a general denial and stated that he was ready for trial, entering a plea of not guilty. The attorney for the defense intimated very strongly that the case would be carried to the court of last resort and insisted on every item of the record being completed in strict accordance with the rules of higher courts. The witnesses for the city are Drs. McBeth, Froegler and Lomas and Sanitary Officer Miller, while the defense introduced a number of reputable physicians to prove that there was no smallpox in the family of the accused at any time.

The witnesses for the city, with the exception of Miller, all testified that they had personally examined the case and that it was smallpox without any question. Miller testified only as to putting up the card under order of Dr. MacBeth. The witnesses for the defense, consisting of Drs. B. Parks White, C. F. O. Niescang, W. D. Calvin and I. Rosenthal, all testified that they had personally examined the case and pronounced it chickenpox, pure and simple. After the evidence was heard Judge Loutitt made a point that it might be well to investigate as to the fact whether the health commissioner is invested with the same powers as were formerly vested in the board of health. By agreement the arguments in the case were then continued until tomorrow morning after police court.

F. J. Young, county superintendent of schools, is quite ill at his home on South Broadway.

AN ALLEGED HERESY CASE

DR. TUBBS IS OUT OF KANSAS
WESLEYAN UNIVERSITY.

An Evolutionist Who Is Too Modern
in His Views—Faculty's Action
Resented by Students.

Galina, Kan., June 7.—The trustees of the Kansas Wesleyan university have refused to re-elect Prof. F. D. Tubbs to the chair of natural science, which he has held for the past two years. The cause of the dismissal is what is known among the Methodist clergy as "higher criticism" of the Bible, a mild phrase for heresy. The students are circulating a petition of remonstrance against the faculty's action.

Following the close of the college commencement exercises yesterday George A. Parrill, a member of the graduating class, asked the audience to remain. The students were intensely excited, and in the meeting which followed a number of them, nearly all theological students, some of whom are now filling pulpits, made fiery speeches, demanding that the board of trustees explain publicly why Dr. Tubbs had not been re-elected. None of the board responded to the demands, and Rev. W. D. Schermerhorn, of Lincoln, an alumnus of the university, attempted to pour oil on the troubled waters by suggesting that the board probably had good reasons for its action. The students refused to be appeased and insisted on their demands. Dr. McGuerk also made an impassioned speech in defense of Dr. Tubbs.

Dr. L. O. Hansel, a trustee, at length explained that Dr. Tubbs case was in the hands of the executive committee, and a committee of the students decided to present their demands to that committee.

Rev. Dr. S. Daniel McGuerk, who has been closely associated with Dr. Tubbs, said: "The trouble with Dr. Tubbs is that he is an evolutionist, and he is simply teaching the same things that are taught in Northwestern university and the principal Methodist theological schools. There are a lot of old fogies among the ministers of this conference who want to deny the right of a man to think for himself. For my part I propose to think for myself and say what I think. They have been after me the same as they have after Dr. Tubbs, and I propose to leave this conference. If I can't get a transfer to suit me I will go on the lecture platform."

"Rev. H. Gray Amhurst, of Concordia, holds the same views as Dr. Tubbs and myself, and I am surprised that they have not been after him also."

ACTOR PELL DIES.

Cleveland, O., June 7.—Horace Pell, the young actor who yesterday shot himself at the Wyandotte, died early this morning at Huron hospital. Pell took a turn for the worse early in the morning from which at-

tack he never rallied. His friends and relatives have been notified. "I know I'm going to die; I know that this will be the end," moaned Pell, as he lay on a cot at Huron street hospital last night. For a time it was believed the actor would recover from the wound, but it was impossible to tell just to what extent he had been injured internally. For seven hours before his death he was conscious. He had been placed under the influence of an opiate. He kept repeating the statement that he was going to die and that nothing could save him. He kept silence as to the cause of his attempt on his life, and had nothing to say to those about him regarding the affair.

Mother, be sure and use Mrs. Winslow's Soothing Syrup for your children while cutting teeth. It is the best remedy of all. may be used.

AN IMPORTANT SESSION.

The board of trustees of the Indiana school for feeble minded children met at the institution Thursday and transacted much business of importance. It was definitely decided

to erect a cottage for the accommodation of adult females of feeble intellect and the site was selected for the new building on the northeast corner of the grounds. The arrangement plan of the rooms of the new building, submitted by Mr. Johnson, was adopted and his ideas will be laid before local architects who will compete for the work. The new cottage will accommodate 100 persons. Superintendent Johnson states that twenty females will be admitted this month, as that is the maximum number that can be taken care of at present. These will be carefully selected as the commitments come in. The new building will probably be ready for occupation by next January and the work of making bricks at the institution brick yard will begin at once. Those in attendance at the meeting were John M. Spann, of Indianapolis; E. M. Wilson and Mrs. J. B. Harper, of this city, and Superintendent Johnson.

Untold treasures of money and jewels are believed to have been buried near the Angeli gate, Genoa, and treasure seekers are digging for all they are worth.

COURT NEWS.

Last Sunday the home of David Connett, a farmer living west of the county farm, was entered and robbed of a lot of small property. The thief secured a pocketbook containing several dollars, a ring or two and several other pieces of jewelry. The matter was reported to the sheriff's office and this morning Deputy Huguenard located his man and went about six miles out into the country and arrested him. His name is William Campbell, and after being brought to the city he confessed to the robbery and offered to restore the stolen articles. Accordingly another deputy was sent with him back to the country to get the stuff from its hiding place. Deputy Huguenard is entitled to credit for so quickly and cleverly effecting the capture of the thief as well as the return of the property.

D. Campbell was bound over to the circuit court in the sum of \$100 by Justice France. In default of bail the prisoner was sent to jail.

Laura Meyers has commenced proceedings for divorce from William Meyers.

New furniture is being placed in the township trustee's office. It was built by Edward Helmeke, of this city, and is very pretty of design and handsome in finish, and the office now compares favorably with any in the magnificent new building.

H. Richard Kuehne, of this city, today qualified as administrator of the estate of Elisha Green, late of New Haven, and filed his bond in the sum of \$22,000.

The claim docket will be called in the circuit court tomorrow morning.

H. G. Keegan, trustee, has filed an inventory of the stock of Arlow B. Himes, bicycle dealer.

The cases of William Fleming vs. the Nickel Plate railroad; Kerr Murray Manufacturing company vs. the Western Gas Construction company; Fred Conrady vs. Jacob C. Stoll, and Susan Grace vs. the Peter's Box and Lumber company have been dismissed in the circuit court.

In the case of Alex Lipes vs. Joseph Singmaster judgment was rendered for the defendant for costs.

In the Schwanncke habeas corpus case Judge O'Rourke still has the matter under advisement.

The case of Chamberlain vs. Bosker is on trial in the superior court.

The Melick divorce case was dismissed by Judge Aiken today, as were also the cases of Knepper vs. Ellenwood and Finn vs. Miller.

The county commissioners were disposing of ditch business today. For the Garman ditch, between DeKalb and Allen county, H. M. Gump, Isaac Brush and Thomas Vandoren were appointed viewers. F. H. Harding, August Grodzian and Patrick Ryan were appointed viewers for the Bruck ditch in Jefferson and Milan townships, and for the Vandoren ditch in St. Joseph and Milan townships. Charles Gerardot, Nallos Lotien and George Gronauer were appointed.

Women were first permitted to become employees in government offices in 1882, when Secretary of the Treasury Salmon P. Chase appointed six women clerks.

DRY KILN BURNED.

The dry kiln of the stave factory at Arcola, owned by O. S. Gandy & Co., of Churubusco, was burned last evening and the loss is estimated at \$1,000. Much of the contents was saved from destruction, but the building is a total loss. Heroic work on the part of residents in the vicinity prevented the fire from spreading to other buildings. The fire is thought to have been of incendiary origin.

CASE IS SERIOUS.

The condition of Joseph Rice, whose case was noted in The Sentinel last evening, is regarded as quite serious, but it is believed he will recover. Mr. Rice is a prosperous farmer living near Sheldon and suffers from hemorrhages, which were brought on by over-exertion in loading forty heavy sacks of wheat on a wagon. Mr. Rice, if he recovers, will be obliged to give up farming for this year at least.

WEDDING WAS DELAYED.

(Bluffton News.) Henry Campbell, who was to have been married last night, discovered too late that his bride would require an Allen county license, as she resides in Sheldon. He rode to Fort Wayne on his bicycle this morning to remedy the defect and the wedding will occur tonight. Miss Barthamus arrived on the 5 o'clock train, but was unaware of the fact that a license would have to be secured in Allen county.

WANTS LOVER ENJOINED.

Toledo, Ohio, June 7.—For several weeks Miss Maria Aleitta Lent, an allocationist, has been annoyed by letters, messages and calls from Attorney John P. Delphay. The letters breathed ardent love. Delphay was quietly summoned before Judge Milard, who secured a promise to discontinue his attentions. Within two days after he had sent her several more letters. She then appealed to the court to enjoin him from making love to her, writing her letters or notes, and calling at her home. She avers that he hangs about her home night and day, raps on the windows and doors, stops her on the streets, and has nearly driven her insane by his persistent attentions. He filed his answer yesterday, in which he denies in general the allegations, works in some poetry, and asks that the petition be dismissed. A few years ago Delphay was arrested for attempting to kiss the noted soloist, Geneva Johnstone Bishop, in the elevator of a downtown store. He was sentenced to the workhouse, where he refused to work. He is a bachelor aged forty, and enjoys a good practice.

TO THE CITIZENS OF FORT WAYNE.

On June 11th, 12th and 13th the Fort Wayne lodge of Elks will entertain visitors from other parts of Indiana, and it is expected that the hotels will be unable to properly care for them. The members of the Fort Wayne lodge have assumed the expense of entertainment and celebration and have not asked any aid from our citizens. In order that accommodations may be properly provided for the visitors, we would request that any of our citizens who may have spare rooms advise the undersigned, giving street number and number of rooms, whether meals will be provided or not, and stating the price of the same.

A generous response on the part of our citizens will enable us to properly care for visitors and set a mark for hospitality for our sister cities in Indiana. For information apply to the undersigned at headquarters, Room 2, first floor, court house. Home telephone 1201.

It is well that international yacht racing is fostered by men of unlimited wealth. Otherwise the patrons of that glorious sport would soon be as thoroughly "broke" as the spars of their boats.

An important decision referring to the eligibility of Porto Ricans to examination for federal appointments as just been rendered by the Hon. John R. Proctor, chairman of the civil service commission. Mr. Proctor holds that Porto Ricans are citizens of the United States and as such in the same footing as residents of

the front, and is now known in every city, town and hamlet in the country. Its staunchest friends are those who have known it longest and have witnessed its wonderful curative powers in their own families or among their friends and acquaintances. Grateful patients in all parts of the country tell of their restoration to health and happiness, and the testimony of these is the highest evidence of the medicine's worth. S. S. S. is more popular today than ever in its history—no other remedy stands so high, has ever given such perfect satisfaction or is so reliable in the cure of Cancer, Rheumatism, Catarrh, Contagious Blood Poison, Scrofula, Eczema, Psoriasis, Salt Rheum, Acne, or any disease that originates in the blood. Being strictly a vegetable preparation, you will find it agrees with you much better than a drug store concoction or any of the widely advertised potash and mercury remedies, which affect the bones, muscles and stomach, causing Rheumatism or Dyspepsia. If you have never tried S. S. S., you will be surprised at the immediate good effects, which it produces. It gets into the circulation than the appetite increases; you grow stronger, and gradually but surely it drives out the poisons and restores the blood to a healthy condition. If there is a sore or ulcer on the body, it begins to heal around the edges, the discharge finally ceases and the place gets well; muscular and bone pains vanish, and the skin is relieved of all itching, irritating eruptions. Nervous, run down and anemic people will find S. S. S. just the medicine they need, for blood poverty and ill nourished nerves are responsible for their condition. For old people and children S. S. S. has no equal; being free from all minerals, it does not nauseate or have any injurious effect whatever, and keeps the blood in good condition, thus fortifying against disease. Experience teaches what is good and what is not good; this applies particularly to medicine, and S. S. S., a remedy that has retained the confidence of the people for nearly 50 years, must have merit—it cures, is the secret of its success. When you call for S. S. S., don't be persuaded to accept something else. There is no substitute for S. S. S. It is the only guaranteed purely vegetable blood purifier, and safest and best for all blood and skin troubles. Do not let them force an inferior remedy on you because there is a larger profit in it. If you have any blood or skin disease, don't hesitate to write us about it; our physicians will carefully consider your case and advise you without charge. Book on Blood and Skin Diseases free.

COMMON SALT SAVES LIFE.

Mattoon, Ill., June 7.—Mrs. Charles Graham, wife of a farmer at Sugar Creek Point, Edgar county, was suddenly stricken several days ago by an acute stomach disorder while feeding poultry and fell on the turf apparently lifeless. Her relatives were unable to arouse her from the death-like stupor and powerful stimulants were ineffective. As a last resort the physician, Dr. W. H. Hoff, injected a solution of common salt into the woman's veins and in two hours she was out of danger. Her recovery since has been complete.

As indicated by the reception accorded Senator Depew's remarks nominating William McKinley for the presidency in 1904 it is clear there are a lot of republican editors in the country who do not know how to take a joke.

The educational value of books is shown in the deed of the Ohio lad who stabbed his sister to death, strangled the life out of his younger brother, then fired his father's barn and made it his funeral pyre. The kind of education of course depends upon the character of the books from which it is acquired. The Ohio boy fed his mind on the penny-dreadly variety.

Mrs. Laura Schwichtenberg, a wealthy young widow, has decided to devote her life to the leper colony on the Island of Cebu, one of the Philippine archipelago. Some time ago she received, at her request, appointment as government inspector of hospitals in the Philippines, at which time she visited the leper colony, declaring that her commission took that in, as the whole colony was a hospital. She was greatly impressed with the lack of sanitary conditions prevailing, with the hopeless condition of the 30,000 lepers congregated there, and especially with the large number of sad children. "I did not see a single happy face there," she says. "The scenes still haunt me. I long to return and take a little sunshine into their lives."

Mr. Martin H. Glover, ex-congressman from New York, evidently believes in upholding the dignity and emoluments of his office. Having retired from congressional service on account of the bad taste of the voters in electing someone else, he received one of those St. Louis fair commissions and last month the United States treasury sent him a draft for \$192 for the salary from April 17, the date when he took the oath of the new office, to the end of the month. Mr. Glover returns this draft, declining to take anything less than \$384, the salary for a full month. People who think that this action is wholly due to Mr. Glover's thrifty mind do not give sufficient attention to the art of doing things thoroughly. Mr. Glover has so far had but two things to do in connection with his present office, namely, taking the oath and drawing his salary. He made a thorough job of taking the oath, and he is evidently determined to show equal thoroughness in the other part of his duties.

At the board of works meeting last night most of the time was occupied by the discussion of the ordinance providing for the placing underground of all electric wires on Barr street. Councilman Hoseny contended that by compelling the several companies to place their wires underground the said companies might gain additional privileges not contemplated by the original franchises. City Attorney Shambaugh explained that compelling the burial of wires was simply the exercise of a police power. Representatives of all the corporations having wires on the street were present and all expressed a willingness to obey any order made by the board, except Manager Scott of the Traction company and Manager Taylor of the Central Union Telephone company. The matter was undecided and left to go over to another meeting to be held next Monday night.

Plans were approved and resolutions passed for paving Fairfield avenue from Jefferson street to the north line of Breckenridge street; for paving the alley between Wayne and Washington street, from Fairfield avenue to Fulton street; for sidewalks on the east side of Dearborn street, from St. Joe boulevard to Columbia avenue.

Bids for repairing the abutments of the Clinton street bridge were received and taken under advisement. The petition of the Wabash railway company, through Agent J. Sullivan for permission to lay an additional track across Fairfield avenue was granted. Plans were ordered for sidewalks on the north side of Columbia avenue, adjoining the bridge and for paving the alley between Wayne and Washington streets, from Clinton street to the White Fruit House.

DIED IN DANBURY.

A telegram to Clark Fairbank Thursday announced the death of his brother-in-law, Harrison Flint, of Danbury, Conn. The deceased had a number of acquaintances in Fort Wayne, and occasionally visited at the Randall homestead. He was prominent in the financial affairs of his state and an extensive manufacturer. Mr. Flint was formerly in partnership with the late Gen. E. F. Butler and the firm manufactured the first bunting made in the United States. A wife, son and daughter survive him.

DEATHS AND FUNERALS.

PAUL.

Ferdinand C. Paul died Thursday night at the home of his son, C. E. Paul, 36 East Fifth street, from asthma, at the advanced age of seventy-three years. Mr. Paul was a native of Germany, but came to America forty-nine years ago.

From 1851 to 1887 Mr. Paul was employed in the blacksmith shops of the Pennsylvania company in this city. He then removed to Logansport, where he worked until 1893, returning to this city in 1898.

He was a cousin of the father of H. C. Paul, and shortly after coming to Fort Wayne was united in marriage to Mrs. Mary Whaley. He leaves two sons, C. E. and F. H., and has made his home with the former since the death of his wife nearly four years ago.

Brief funeral services will be held from the residence Saturday morning at 8 o'clock, conducted by Rev. Bohn, of Trinity Lutheran church, and the remains will be shipped to Logansport for interment.

FUNERAL ANNOUNCEMENTS.

Stoehr—Funeral services of Frederick Stoehr will be held Sunday morning from the residence, 502 Hanna street, under the auspices of the Carpenter's union, of which the deceased was a member.

Zimmerman—Funeral services of Mrs. Justine Zimmerman will be held from the residence, 179 High street, Saturday afternoon at 2 o'clock.

Schramm—Funeral services of Mrs. Laura Schramm will be held Saturday morning at 9.30 from the residence, 251 East Washington street, and at 9 o'clock from St. Mary's Catholic church.

Wohlfahrt—Funeral services of George F. Wohlfahrt will be held from the residence, 389 Calhoun street, Saturday afternoon at 2 o'clock.

...GIGANTIC...

CLOSING OUT SALE!

\$20,000.00 stock of desirable dry goods to be sold without regard to former cost or value.

THE JAMES TAFT STORE, 54 CALHOUN STREET.
Sale Opens Saturday Morning, June 8th.

\$5,000.00 worth of New Summer Wash Goods, Hosiery, Underwear and Silks just released from litigation and now placed on sale for the first time. This stock and fixtures was bought of Ronald Dawson, Receiver, at public auction for a sum not exceeding 35c on the dollar. It will be placed on sale on the above date at

25 and 35 CENTS ON THE DOLLAR.

The most staple articles of dry goods you will find on sale here at from one-third to one-half. We say with confidence the prices are the lowest ever made on first-class merchandise, and urge the public to take an early advantage of this gigantic Closing Out Sale, which opens promptly Saturday morning, June 8th, at 8:30 o'clock. Necessity knows no bounds. These prices will speak for themselves.

Statement to the Public.

In explanation I wish to state that I was forced to purchase the James Taft stock to protect my mortgage interest in same. I am not a dry goods merchant. It is therefore my desire to relieve myself of the store and stock as soon as possible.

To accomplish this end I have placed in charge an efficient manager, with instructions to realize amount of my claim in shortest possible time without regard to cost or value.

I am assured there is from \$18,000.00 to \$20,000.00 worth of merchandise in the stock. The amount necessary to satisfy my claim will permit stock to be sold at 25c to 35c on the dollar.

This would therefore appear to be an unusual opportunity for the people of Fort Wayne to supply their dry goods wants cheaply.

Headache Medicines.

As a class, headache medicines are apt to be dangerous. It is very easy to effect an instantaneous cure by simply giving a narcotic of some sort, but beware of the after effect. They are always bad and often positively dangerous. We guarantee Dr. Brooks' Headache Powder to contain no harmful drugs and so cause no bad effects. The constant and increasing demand for this preparation without a single complaint, proves we have a splendid formula.

THE FORT WAYNES

started yesterday by winning the first of the 103 games they are booked to win consecutively, and they were against the toughest proposition in the association at that. Up to date Fort Wayne has beaten Indianapolis three out of five games played which is just a little better than any other club can boast of. The boys had on their batting clothes again yesterday and not only hit the ball, but hit it at the proper time, too. Daniels, who pitched for "Doggie's" men was hit often enough but the fielding behind him was perfect and he managed to keep the hits well enough scattered to keep the Indians from piling up runs. Fort Wayne made six hits and three runs in the first inning after two men were out and that seemed to get the nerve of Watkins' men and after that they were easy picking. Following is the score.

The Shamrocks will leave for Bremen via the Grand Rapids and Indiana at 8:50 tomorrow morning. Hicks will pitch the Saturday game and Robbins will officiate in the box on Sunday.

BASE BALL BRIEFS.

Pitcher McFadden is slated for release by Cincinnati.

Mullahey has asked for his release from Columbus and his request will probably be granted.

Tuck Turner has not yet made up his mind whether he will go to Colorado Springs or not. Tuck will, though.

Vassbinder, who is back in the game for Marion, reports that his salary wing is "dead," being thus laid to rest.

Columbus has two new players, Pitcher West, of Indianapolis, and Charles Evans, formerly of the Atlantic league.

Fort Wayne played its first errorless game of the season yesterday, and that against the strongest team of the league.

Billy Bergen acted as receiver for the curves of the great Busie in the Cincinnati-Brooklyn game Wednesday during the last few innings.

Texarkana, Ark., has a negro pitcher who can pitch effectively with either hand and he frequently alternates. He struck out sixteen men in one game.

McCann seems to hit better when he is away from home. He got two hits in yesterday's game. Fuller carried off the batting honors and has three hits to his credit.

Jimmy Wolf, formerly outfielder for Louisville and later a member of the fire department in that city, is insane from the effects of a fall from his engine. He imagines some one is trying to poison him.

Jack Glasscock predicted that the Western association wouldn't last a month in the early part of the season, when he was in Fort Wayne signing players. Jack has been ditched by Minneapolis and now he is trying to break into this same Western association. Funny that old "Pebbles," who has a reputation for shrewdness, would want to back such a losing proposition.

Jack Harper, with Fort Wayne last year, was pitted in the game with New York Wednesday against Matthewson, of New York, and the "phenom" of the season failed to land a victory. The St. Louis pair are untested in their praise of the handsome young twirler and he can have anything he wants. In Harper, Bergen and Krueger Fort Wayne has three graduates in the National league who are making records for themselves.

Base balldom will await with interest the Nick Young-Freedman-Nash mix-up in the National league. Freedman says Nash will not be allowed to umpire a game in which New York plays and Uncle Nick says he will. Something will have to drop and that pretty soon. It is sincerely hoped in the base ball world that the National league boss will meet his Waterloo in the case. "The curse of the Freedmanism" has rested upon the major league too long.

The Grand Rapids papers are predicting that the Western association is on the verge of dissolution and they affirm that if Walter Wilnot was to transfer his team of "gray-haired and aged used-to-be's" to Grand Rapids they would be boycotted. Poor old Grand Rapids dies hard. Dropped in disgust from the best league they were ever in, they seek consolation in amateur games and ceaseless knocking against the Western association. It might be well to add that the Western association will be found doing business at the same old stand each season until the three-year agreement expires.

THE MARKETS.**Chicago, June 7.—Low temperature**

in the northwest with predictions of killing frosts proved conducive to marked firmness during the early part of today's wheat market session, but on heavy local liquidation the advance was soon wiped out. July opened $\frac{1}{4}$ ¢ to $\frac{1}{2}$ ¢ higher at 73 $\frac{1}{2}$ ¢ to 73 $\frac{3}{4}$ ¢, advanced to 74 $\frac{1}{2}$ ¢ and fell straight away to 73 $\frac{1}{2}$ ¢. Minneapolis and Duluth reported 341 cars against 650 last week and 450 a year ago. Local receipts were 68 cars, 20 of contract grade.

Corn was dull and affected largely by the course of wheat. July opened a shade low, $\frac{1}{4}$ ¢ to $\frac{1}{2}$ ¢ higher at 43 $\frac{1}{2}$ ¢ to 43 $\frac{3}{4}$ ¢, rose to 43 $\frac{1}{2}$ ¢ and reacted to 43 $\frac{1}{4}$ ¢. Local receipts were 330 cars, 33 of contract grade.

Oats were slightly firmer. July opened unchanged to $\frac{1}{4}$ ¢ higher at 27 $\frac{1}{2}$ ¢ to 27 $\frac{3}{4}$ ¢ on weather conditions, touched 27 $\frac{1}{2}$ ¢ and reacted to 27 $\frac{1}{4}$ ¢. Local receipts were 201 cars.

Lard again was the feature of the provision market. There was a fair demand, however, for all other commodities. July pork opened 5¢ higher at \$14.07 $\frac{1}{2}$ and improved 2 $\frac{1}{2}$ ¢. July lard opened 2 $\frac{1}{2}$ ¢ to 3¢ higher at \$8.37 $\frac{1}{2}$ to \$8.40 and sold up to \$8.42 $\frac{1}{2}$. July ribs opened 2 $\frac{1}{2}$ ¢ higher at \$7.95 and gained 2 $\frac{1}{2}$ ¢.

THE CLOSE.

Prices at the close were as follows: Wheat—June, 72 $\frac{1}{2}$ ¢; July, 73 $\frac{1}{2}$ ¢; 73 $\frac{1}{4}$ ¢; Sept., 70 $\frac{1}{2}$ ¢ to 70 $\frac{3}{4}$ ¢.

Eggs—Market weak, 11 $\frac{1}{2}$ ¢.

THE DAY ON WALL STREET.

New York, June 7.—Notwithstanding sharp advances in the tobacco stocks and one or two Southwesterns the market generally showed a sagging tendency. Declines reached about a point in Pennsylvania and St. Louis and San Francisco. Three thousand shares of American Tobacco sold at 142 $\frac{1}{2}$ to 142, compared with 140 $\frac{1}{2}$ last night. Continental Tobacco was up $\frac{1}{4}$ ¢. The stocks were affected by the organization of the new consolidated tobacco company to combine them, Kansas and Texas $\frac{1}{4}$ ¢ and Missouri Pacific a point Sugar, after opening unchanged, ran up over a point, allowing for the dividend off.

There was a somewhat abrupt uplift to prices of a few stocks which created uneasiness among the shorts and they covered heavily in the railroads and high-priced specialties. Rock Island made the most extensive rise of 3 points, but some of the Southwesterns and Southern railroads and Coalers were more active and held smaller advances more tenaciously. Louisville improved 2 points and Pennsylvania, Erie, Ontario and Western, St. Paul and Denver preferred, American Car, Minneapolis and St. Louis, Union Pacific, Texas Pacific and Amalgamated Copper ruled 1 to 1 $\frac{1}{2}$ ¢ higher. Texas Pacific last about all its rise, but hardened again, and a rapid fall of 1 $\frac{1}{2}$ ¢ in Chicago and Alton was followed by a rally of 3. Union Pacific was offered freely when it crossed 110 and reacted 1 $\frac{1}{2}$ ¢. Other stocks weakened sympathetically. Rock Island's loss reaching 2. At 11 o'clock support was manifest in spots, Brooklyn Transit and Metropolitan Street Rail-

INSTANTLY KILLED

J. M. CRAIG LOSES LIFE AT MIDDLEPOINT.

FOUR CARS PASS OVER HIM

BODY FRIGHTFULLY MANGLED BY WHEELS.

TURNER AND MILLER IN LUCK

PROMOTED TO HIGH PLACES ON PENNSYLVANIA.

A telegram from Conductor Zurbuch, who has charge of an extra local switching train between this city and Lima, brought a most startling piece of news to the officials of the Pennsylvania company this morning. It was to the effect that Joseph M. Craig, road supervisor, was suddenly killed at the stone quarries at Middlepoint, Ohio, at 7 o'clock this morning. Nobody witnessed the accident, but the body was found immediately afterwards. Circumstances indicate that Mr. Craig was leaning against one of the four cars attached to engine 243 and that he was knocked down when they were moved and run over, cutting his body in a horrible manner and instantly crushing out his life. It is believed that the engine and the four cars passed over the body. The remains were picked up and turned over to an undertaker and later taken to Van Wert, the home of the Craig family, where the bereaved wife and children sorrowfully awaited the coming. James Craig, formerly a conductor on the Pittsburg road, and Sid P. Craig, now running an engine on the same road, are half-brothers of the deceased. Mr. Craig often visited these gentlemen and his official duties brought him here very often. He was in the city yesterday for a few moments and conversed with a number of his friends.

The funeral arrangements are not complete, but it is believed that the sad rites will be held at Van Wert Sunday. Many railway men from Fort Wayne will attend and for their accommodation the company is likely to put on some extra cars on the trains most convenient for their purpose.

Mr. Craig was fifty-six years old and was one of the best known and most generally admired men in the maintenance of way department on the western division of the road. All the trainmen and those in the employ of the maintenance of way or transportation departments knew him and many expressions of sorrow were heard by The Sentinel reporter as he made his rounds of the Pittsburg shops and offices today.

The records in the Pennsylvania offices show that Mr. Craig's services with the Pittsburg, Fort Wayne and Chicago road commenced as a blacksmith helper in 1861. Then he was transferred to the maintenance of way department and was soon made a section foreman. Later he was promoted to a work train conductor and twenty years ago he became road supervisor, having charge of the territory from Lima to and including Fort Wayne. Before going into the shops he was employed as water boy for the graders and tracklayers who built the road.

WANT A BIG JOINT MEETING. A movement looking towards a grand meeting of all the railway brotherhoods in August in this city has been started by the local lodge of the Brotherhood of Railway Trainmen. The project will be given definite shape at the meeting of the latter body next Sunday. A similar meeting in Toledo last year brought together nearly 15,000 railway men and resulted in much good to them and the orders they represented. It is believed that a similar meeting here could be even more successful if properly managed. The trainmen, if they conclude that indications are favorable to such a joint affair, will lay the matter before the other four brotherhoods and ask co-operation in the consummation of the plan.

HURT WORSE THAN SUPPOSED.

The injury sustained to his eyes yesterday by Blacksmith H. S. Buckley, of the Wabash, was greater than he supposed and he will go to Springfield to receive treatment from the railway company's oculist. In addition to the burn the borax in itself severely injured the optic.

INSTALLED A MOTOR.

The machinery in the car machine shop at the Pittsburg will soon be driven entirely by electric power. A forty horse power motor, which was recently installed in that department, was given a test last evening and found to be perfect. This machine will still further relieve the steam engine in the planing mills department of the work it has so ably per-

formed for so many years. The machinery in the planing mills will continue to draw their motive power from the old stationary engine.

SEVERAL MINOR ACCIDENTS.

Five men employed in the Pittsburg shops were victims of accidents yesterday, but fortunately none were seriously injured. E. W. Hess, of the round house, had his wrist sprained. W. A. Wies, a car builder, had the little finger of his right hand pinched. Thomas Patton, a machinist, dropped a heavy lifting jack upon one of his feet, bruising the toes painfully. J. Boone, also of the machine room, had the back of his neck burned. He was engaged in pouring molten lead into the wheel center of a locomotive driver when the metal exploded and scattered over him and his comrades. Luckily the others escaped injury. C. W. Miller, of the boiler shop, got a piece of steel in his eye. The metal was removed by Dr. R. Parks White.

WILL TAKE A TRIP.

Passenger Engineer D. P. Eldred and his family, which includes Fireman and Mrs. C. B. Bowman and Mrs. Eldred, have planned a trip which will consume two or three weeks and include a visit to New Philadelphia, Ohio, the old home of the family, and possibly to the Pan American exposition at Buffalo. They will leave in a few days.

NEW INTERLOCKING PLANT.

The building of second track has necessitated the enlargement of the interlocking station at Dunkirk, the crossing point of the Pittsburg and the Toledo and Ohio Central roads. As a consequence a forty-lever plant will be put in operation there next Monday, taking the place of a twenty-lever plant. This is one of the best interlocking plants on Division C. The double track ends at Dunkirk.

ROLLED BACK IN THE DITCH.

An aggravating mishap occurred at Columbia City this morning, where the Fort Wayne wrecking gang is endeavoring to lift one of the big G-4-A freight engines from the ditch. When the ponderous machine was elevated upon the scaffold, preparatory to transferring it to the rails, the supports gave way and the engine rolled back in the ditch in a worse shape than it was before the wreck crew took hold of it. In his efforts to get out of the way of the falling locomotive, Mr. Pierceton, a car repairer who resides on Hanna street, had one of his legs painfully sprained.

DYNAMOS FOR CHILI.

A shipment of dynamos—two of forty light capacity each and one of 120 light capacity—left the Electric company's works this morning for Valparaiso, Chili, where they will become a part of a lighting plant. Other shipments from the works today were a big switchboard outfit for the American Wooling company, to Harrisville, R. I. This firm owns and operates a number of woolen mills in the east and buys all of its electrical machinery of the General Electric company and that company in turn buys it of the Fort Wayne firm. A motor was also shipped from the works for Xenia this morning.

ENLARGING THE PLANT.

The capacity of the erecting department of the Wabash shops is soon to be increased. Six engine pits are now well under construction in the west side of the new shop and soon engine repairs of a general character can be accomplished there as well as in the back shop. The stone for the foundation for the big transfer table is on the grounds and the work of building the foundations will be taken up as soon as the masons complete the engine pits. This transfer table will be operated by compressed air.

TURNER AND MILLER IN LUCK.

Indianapolis, Ind., June 7.—V. T. Malott, receiver for the Vandalia system and trustee of the Terre Haute and Indianapolis railway, announced today the appointment of Superintendent H. I. Miller to the position of general manager with headquarters at St. Louis. J. J. Turner, present general manager will re-enter the service of the Pennsylvania lines, at Pittsburg.

INDUSTRIAL NOTES.

Henry Shuster, of the Bass blacksmith shop, is sick and off duty. Herbert P. Black, an air brake inspector for the Pennsylvania, is sick and off duty. Nickel Plate brakeman John Miles has taken a lay off for the purpose of going fishing. Engineer E. L. Tenny and Fireman W. E. VanBuskirk, of the Pittsburg, are sick and off duty. A. Kruckeburg, of the Pittsburg planing mills, left this morning for Chicago, where he will visit over Sunday. Hazel, the bright little daughter of Night Yardmaster W. E. Rowe, of

the Wabash, is recovering from a severe illness.

Nickel Plate engine 35, just out of the Stony Island repair shops, has gone to the eastern division to go into service.

A. P. Smith, a Pittsburg conductor, is suffering from a bad attack of the mumps and is likely to be disabled several days.

Fred Giesenkamp, of the Pittsburg blacksmith shops, has recovered from his recent illness and this morning reported for work.

Nickel Plate Fireman Will Thompson, who was away visiting relatives two weeks, resumed work on the Nickel Plate yesterday.

Julie Henry and L. Linker, of the Pittsburg shops, are sick and W. H. Korte, of the same shop, is taking a lay off to attend to private affairs.

Among the high school excursionists this morning was John Leach, jr., messenger in the master mechanic's department at the Pittsburg shops.

Nickel Plate Fireman A. Cratzer has gone to Knox, Ind., to take the place of John Schorer in watching the local engines at nights. The latter is sick.

Machinist Fred G. Olds, who had been out "on the road" looking after the Relief business, resumed his place at the planer in the Pittsburg shops this morning.

W. P. Whitlock, of the Pittsburg shops, is preparing for a piscatorial trip to Atwood. William is an expert with the hook and line and will come home loaded with bass.

Machinists Herman Regel and Henry Meyers, of the Bass works, have returned from Monessen, Pa., where they were engaged several weeks in setting up some Bass engine machinery.

A large banana rat was killed by the freight handlers at the Pittsburg warehouse last evening. The rodent was brown in color and had more the appearance in general form and looks of a squirrel than of a rat.

On July 1 F. E. House, general manager of the Bessemer and Lake Erie railroad, will go to the Duluth, Meade and Northern road and the Duluth and Iron Range road as president and general manager.

The Wabash is having its excursions into this city June 16, the date of the great tinfest, extensively billed at all points between Lafayette and Toledo and Col. E. G. Thompson expects a big crowd here on that day.

L. Bates, who has been on the Cleveland and Pittsburg division of the Pennsylvania lines for several weeks, operating a big steam shovel, has returned here to take charge of the steam shovel at the east yards next week.

The employees in the Panhandle shops seem to be more busy than are the employees in the shops of the company on the northwestern system. Down there machinists are working ten hours per day for the first time in June since 1893.

William H. Brenner, of Edgerton, for some time serving as a deputy sheriff, has been induced by Capt. Henry Stoll, of the Pennsylvania police department, to take a position in that department. He has been assigned to duties at Rochester, Pa.

Local members of the Brotherhood of Railway Trainmen have received invitations to attend the grand picnic of the Terre Haute branch of the order next Sunday. The affair will be held in the fair grounds and it will be a notable event in brotherhood circles.

In accordance with seniority rules, Passenger Fireman J. W. Moore and J. Godfrey have exchanged runs on the Nickel Plate and the former is now with Engineer George Cooper on trains 5 and 4 and the latter with Engineer Simon Coogan on train 1 and 6.

Messrs. Welch and Murphy, car wheel moulders, who have been employed in the Chicago foundry of the Bass company for some time, arrived here last night and will work in the foundry on Hanna street pending the removal of the Chicago foundry to its new quarters.

A train of twenty-nine cars loaded with dressed meat from the packing house of Morris & Co., of Chicago, passed east over the Nickel Plate at 6 o'clock last evening. This shipment is for export. The train was scheduled almost as high as that of the ordinary passenger train.

The ticket agent of the Cincinnati, Hamilton and Dayton company at Lima will soon be out of a job unless the company assigns him other duties. That office will be consolidated with the office of the Lake Erie and Western June 15 and the agent of the latter will be placed in charge.

Indianapolis Journal: "Under present arrangements the Ohio River railroad is in a position where it must sooner or later be absorbed by the Pennsylvania. The road now forms a short line between Wheeling and Cincinnati, via Parkersburg, and the Pennsylvania runs solid trains over it."

Less than 200 people took in the high school excursion to Rome City today. About 100 went down to the resort on the 8:50 train and possibly an equal number went down on the noon train. There were many more tickets sold, but the weather was too cold for comfort on the lake and the purchasers of the tickets remained at home.

Contractor William Galmeter is about to complete a store room building at the Western Gas Construction

works. These works are constantly being enlarged to keep pace with the increasing business the firm is doing. A large force of workmen is employed there, since the works began doing much of the work it formerly placed with the foundries and boiler-makers elsewhere in the city.

WORK MOVING NICELY.

(Huntington Democrat.)

F. G. Morehouse, paymaster for Townsend, Reed & Co. proprietors of the Fort Wayne and Southwestern Traction company, went over the line between Roanoke and this city Wednesday paying off the employees for the last month. It was the second monthly pay day and the pay roll amounted to \$2,500. The company is in earnest and has the money backing it to push the line as rapidly as possible.

Mr. Morehouse says that he is much pleased with progress made. All grading is completed between here and Roanoke and the laying of track may begin any day. The force of men is now at work in Roanoke and grading north.

Mr. Moran, the company's engineer, is in the city supervising the erection of the power house, the foundations of which are already begun. All in all, the traction line work is progressing nicely and Huntington people will be using the cars by the middle of the summer.

CABINET THINKS CUBANS ARE
FEELING BETTER.

THE SITUATION DISCUSSED

BELIEVE PLATT AMENDMENT
WILL BE ACCEPTED.

CIVIL RULE IN PHILIPPINES

SOON TO BE PROCLAIMED BY
EXECUTIVE ORDER.

Washington, June 7.—The cabinet was in session over two hours today discussing the Cuban and Philippine situations. A communication has been received from Governor General Wood regarding the prospect for the unconditional acceptance of the Platt amendment, but its contents is not made public. It can be stated with assurance that there is a hopeful feeling in administration circles that after the first soreness wears off the convention will see the wisdom of adopting the terms of the amendment. The answer to General Wood is to be sent and the language of that communication was under discussion today. Meantime the existing status in Cuba is to be maintained. No action looking to the calling of another convention is in contemplation if the present convention should decline to accede to our terms. The program looking to the establishment of civil government in the Philippines is being formulated in the shape of an order which is to be promulgated shortly.

It is said that there is no definite conclusion as to whether the powers of the civil administration will be exercised under the general war powers of the president or the authority vested in him by the Spooner amendment. That, however, is considered a matter of detail. The main point is that the civil administration, which will be confined largely to the municipalities, will be vested in the head of the Taft commission and such other officials as may be designated, and that will exercise their functions subject to the direct authority of the secretary of war, to whom all reports will be made. Civil administration under military supervision, such as is contemplated, is said not to be anomalous, and the civil government in New Mexico and the southern states during the early stages of the reconstruction period are pointed to as substantially analogous to what is proposed in the Philippines.

FOR MARDI GRAS NIGHT.

The most picturesque feature of the Elks' state meeting will be the masked street carnival on Tuesday evening and the members of the local lodge have invited their friends to turn out and help make the affair a success.

Following is the line of march: Start at the city hall, forming parade between Berry and Columbia streets, on Berry; march west on Columbia to Calhoun; south on Calhoun to Washington; east on Washington to Clinton; south on Clinton to Lewis; west on Lewis to Calhoun; north on Calhoun to Berry; east on Berry to Clinton and disperse.

The prizes are as follows: Best costume, gentleman, silk umbrella; next best costume, gentleman, box 10 cent cigars; best costume, lady, silk parasol; next best costume, lady, leather seat rocker; most comical costume, gentleman, pair fine shoes; most comical costume, lady, pair fine shoes; next comical costume, gentleman, fishing rod and reel; next comical costume, lady, 5 pound box fine candy. The judges will be Messrs. T. F. Bresnahan, of the Journal-Gazette; John T. Dougall, of the News; Harry Askew, of the Sentinel, and the reviewing stand will be located at the corner of Berry and Calhoun streets.

HE TOOK LAUDANUM.

Columbia City, Ind., June 7.—Thursday morning Jacob Rump, an old and well-known resident of Columbia City, swallowed an ounce of laudanum with suicidal intent. Later he told his wife of his action, saying he was tired of life. The prompt efforts of physicians neutralized the effects of the drug, and it is believed the patient will recover.

INDIANA POSTMASTERS.

Washington, June 7.—The following Indiana postmasters have been appointed by the president: Pendleton, Calvin F. Brown; Plymouth,

Joseph A. Yockey; Wabash, J. M. Orin.

BERNHARDT TO PLAY ROMEO.

London, June 7.—Sarah Bernhardt will play Romeo for 100 nights in America to Maude Adams' Juliet. This important theatrical event was arranged last evening at a supper given by Sarah Bernhardt to Charles Frohman, at which Maurice Grau, her manager, was also present. Mme. Bernhardt will play in England, and after the American tour the two actresses will appear here and on the continent.

MRS. McKINLEY'S CONDITION.

Washington, June 7.—Mrs. McKinley's physicians were in consultation over an hour this forenoon and at 11:45 o'clock the following statement was issued:

"Mrs. McKinley's physicians state that her condition is about the same as reported yesterday. There has been no material change in the past twenty-four hours."

The examination of Mrs. McKinley's blood, which has been made under the direction of the attending physicians, showed negative results, there being no evidence of blood poison.

G. L. PECK IS MANAGER

SUCCEEDS G. L. POTTER ON
PENNSYLVANIA LINES.

J. J. Turner Fourth Vice President
and Ralph Peters Sec-

reeds Peck.

Philadelphia, Pa., June 7.—Meetings of the directors of the Pennsylvania company and of the Pittsburgh, Cincinnati, Chicago and St. Louis Railroad company, known as the Panhandle system, were held here today with the result that both companies were reorganized. A. J. Crest was re-elected president of the Pennsylvania company; James S. McGraw, first vice president; J. T. Brooks, second vice president, and Joseph Wood, third vice president.

J. J. Turner was elected to succeed L. F. Loree as fourth vice president. S. B. Liggitt was appointed secretary with Stephen White and E. S. Church as assistants. The latter will have offices at Pittsburgh.

T. H. B. McKnight was appointed treasurer and George L. Peck general manager, vice G. L. Potter, resigned. At the meeting of the Panhandle company J. J. Turner was elected a director and fourth vice president in place of L. F. Loree and George L. Peck was appointed general manager, vice George L. Potter, both resigned. Ralph Peters was appointed general superintendent in place of George L. Peck and James McGraw was made superintendent of the Cincinnati division in Mr. Potter's place. Mr. Loree was retained on the board of directors of the Panhandle system. This was accomplished through the retirement of Amos R. Little.

MANY VISITORS IN THE CITY

DISTRICT MEETING OF THE
TRIBE OF BEN HUR.

Picnic at Robison Park This After-
noon—Will Initiate Can-
didates Tonight.

At least 600 visiting members of the Tribe of Ben Hur are in Fort Wayne today participating in the district meeting of that fraternity, and many others are expected in time to participate in the exercises this evening. Nearly every train this morning brought in its quota of the members, and most of the towns and cities surrounding Fort Wayne are represented in the guests.

Almost immediately on their arrival the visitors boarded cars for Robison park, where a basket dinner was enjoyed. Following this came a program made up of music and addresses. C. E. Carter, of Logansport, was the presiding officer, and an address was delivered by Supreme Chief D. W. Gerard, of Crawfordsville. A number of races and other athletic events closed the afternoon program. Tonight at the hall of court No. 15 a class of ten candidates will be received, the degree being conferred by the Columbia City ladies' drill team. A number of addresses will be delivered and a banquet will close the program. D. W. Gerard, supreme chief, and P. L. Snyder, supreme scribe, arrived at noon today and are guests of the New Archina.

WAS A BAD BLAZE

WAYNE HOTEL SUFFERS BIG
DAMAGE FROM FIRE.

LOSS IS CLOSE TO \$20,000

UPPER PORTION WAS GUTTED
THURSDAY NIGHT.

FALLING WALL ADDS TO RUIN

WATER AND SMOKE CONTRI-
BUTE TO THE HAVOC.

The Wayne hotel, on West Columbia street, suffered a damage estimated at fully \$20,000 by fire which raged with fearful fury over the upper portion of the house Thursday night and came perilously near sweeping the big hotel out of existence.

The attic was completely gutted, fire communicated to many of the rooms upon the fourth floor, and several hours later a thirty-foot section of a rear partition wall, extending from the top of the hotel downward, soaked and weighted by the tons of water pumped into the building, collapsed with a frightful crash, carrying the greater portion of six rooms with it and adding tons of debris to the general havoc and ruin.

The blaze, which gave the fire department one of the hardest fights in many years, was discovered at 10:42 o'clock by Officer Thoma, who was walking opposite the building on Columbia street. Smoke was issuing from the cornice at the north-west corner of the building and further back of this a slight blaze was gnawing its way through the roof.

OFFICER SENT ALARM.

The officer called to Clerk Will Collins and pointed upward as he ran to the call box and turned in the alarm. Collins hurried outside and glancing up saw the smoke. He summoned a force of hotel attaches and the proprietor, G. J. Mills, and they rushed for the upper floors of the house. A glance showed that the fire had already secured an alarming start and the hotel employees lost no time in arousing the guests.

Twenty-two of the 107 guest rooms in the hotel were occupied and in an incredibly short time the sleepers, hastily awakened, came rushing from their rooms in varied attire, panic-stricken and carrying such of their belongings as could be hastily collected. Sergeant Phipps, Officer Borgman, Officer Thoma and Officer Robber had reached the scene and assisted in the work of arousing the guests and getting them to a place of safety.

SENT GENERAL ALARM.

Five companies 1, 3 and 6 made a quick response to the first alarm, but soon after their arrival the practiced eye of Chief Hilbrecht saw that the conflagration was more than the three companies could handle, and a general alarm followed. Five additional steamers, as well as the hose and ladder wagons, hurried to the scene. The excitement was intense, for from every section came hurrying crowds attracted by the general alarm, and the streets for a block about the hotel were soon packed with spectators.

Dense clouds of smoke poured from the upper portion of the building and communicated to the rooms below, so that the work of the firemen was rendered doubly difficult. The fire was located in the attic of the building at the rear, but it swept over the entire attic with amazing rapidity, and in a few minutes the entire upper floor of the building was a roaring furnace, and as often as the firemen chopped a hole in the ceiling through which water could be thrown the intense heat drove them back.

WHERE IT STARTED.

The fire undoubtedly originated at the top of the freight elevator shaft, near the southwest corner of the building, and as it swept forward between the roof of the building and the ceiling of the fourth floor it was almost inaccessible to the firemen, who were bending every energy to conquer the blaze. Lines of hose were carried up inside the building and by means of ladders through the windows of the third and fourth floors, and the puffing engines sent stream after stream of water into the building.

While the firemen were fighting the flames at half a dozen points inside the building an immense sheet of flame leaped from the roof of the building, and to the crowd upon the streets it seemed certain that the immense building was doomed. The

extension ladders gave the firemen access to the third and fourth floors, and upon the latter they were called from room to room to fight flames constantly breaking out in a new quarter. Ascent to the roof was impossible, and inside burning brands dropped through the ceilings to the sleeping rooms upon the fourth floor, while over the entire section the dry woodwork of the superstructure was being rapidly licked up.

After the flames in the southwest corner of the building had been conquered new danger was discovered in the eastern portion of the building, where the fire had communicated to the top of the passenger elevator shaft. Hard work finally conquered here, also. The entire attic had been fire-swept, the roof burst through in many places, and though dozens of times there was fire upon the floor beneath the attic, the firemen won a magnificent fight against tremendous odds.

WRECK AND RUIN.

Seven steamers had poured their streams of water into the building unceasingly for several hours, completely soaking the entire building from top to bottom. New and expensive carpets, tapestries and furniture recently installed by the new owner of the hotel, handsome decorations just at the point of completion, were badly damaged by the floods of water and the dense volume of smoke which permeated every portion of the building. Great pools of water spread over the corridors and in the rooms, and to this is ascribed the falling of a large section of the partition wall at the rear of the building, which collapsed soon after 3 o'clock this morning. It took with it the floors and partitions from six rooms and hallway, and the entire mass is dumped into the bar-room of the hotel, filling this room nearly to the top. The entire upper portion of the house had just been refurbished and redecorated, and in the lobby, the writing room and other apartments of the first floor the decorators were just completing one of the very handsomest pieces of work ever done in the city. Work has been hurried to pre-

COMMENCEMENT EXERCISES

OF COMMON SCHOOLS OF
WAYNE TOWNSHIP.

Annual Exercises Held Last Evening
at School No. 4—Class Address
by Judge Aiken.

The commencement exercises of the common schools of Wayne township were held last evening at school No. 4, and a large audience composed of the relatives and friends of the young graduates, filled the building and listened with interest to the different numbers on the program.

The address to the class was delivered by Judge Aiken, and his subject was "Character." The address contained much useful advice to the young people who were about to enter an entirely different sphere of life. Owing to the illness of County Superintendent Young, Trustee Schirmer presented the diplomas to the graduates, with a brief address.

The salutatory address was delivered by Henry Beaman and the valedictory by Miss Maud S. Johnson. Features of the program were the reading of the class history by Miss Ethel Barnes, the class promenade by Ralph S. Coleman, the solo by Miss Sophia Mix and the trio by Prof. Roger and two other members of the class. Miss Blanche Sprankie read a very interesting account of the British-Ber war.

The list of graduates is as follows: Maude S. Jackson, No. 4; Harry A. Beaman, No. 2; M. Blanche Sprankie, No. 4; Ralph S. Coleman, No. 4; Mary E. Mescherberger, No. 4; George W. Lawrence, No. 2; Bessie E. Jackson, No. 4; John A. Orr, No. 4; Ethel M. Barriss, No. 4.

QUARREL OVER A LOVE AFFAIR

Kokomo, Ind., June 7.—Local papers print details of a sensational episode, in which Capt. Milton Garrigus, of this city, Indiana department commander G. A. R., and Miss Maria Thomas are the principals, and Henry Edwards, an uncle of the girl, a prominent incident. Garrigus, it is said, visited his farm adjoining the Edwards home, and Mr. Edwards accused him of writing love letters to his niece and ward. Garrigus admitted the accusation, and there was a warm time, in which bricks and other missiles figured. Miss Thomas saw the scuffle between the aged lover and her guardian, and immediately left the house, taking her effects along. The wedding will speedily follow, it is said. The girl's relatives objected to the marriage because of the great disparity of ages.

A PLUCKY SHERIFF

DOWN IN GEORGIA STANDS OFF
MOB WITH REVOLVER.

LYNCHING PARTY IS FOILED

TWO OF THE MOB SHOT AND ONE
WILL DIE.

AFTER A RESPITED NEGRO

GOVERNOR ORDERS TROOPS TO
CARROLLTON, GA.

Carrollton, Ga., June 7.—A mob of 300 white men broke into the jail here this afternoon in an attempt to secure a negro named Williams. In front of the negro's cell the mob was confronted by Sheriff Merrill, revolver in hand.

A fight ensued in which the sheriff shot and wounded two men, one of them, it is believed, fatally. The mob fired on the sheriff, but he was not hit, although one bullet passed through his hat.

The mob dispersed without getting the negro.

Williams was to have been hanged today for the murder of John Word, but the execution was postponed owing to an appeal made this morning.

TROOPS ORDERED OUT.

Atlanta, Ga., June 7.—Governor Candler, at 2 p. m., ordered one company of militia to Carrollton by special train. It is feared another attempt will be made to lynch Williams tonight.

APPROVE THE ARMY CANTEN.

St. Paul, Minn., June 7.—By unanimous vote, although with small attendance, the American Medical association this afternoon adopted a report endorsing the movement for the re-establishment of army post canteens. The committee on legislation through the chairman, Dr. L. E. Johnson, presented a report reciting the resolutions adopted by the military surgeons last week and the association then adopted the following resolution:

"Resolved, That this body deplores the action of the congress in abolishing the army post exchange or canteen, and, in the interest of discipline, morality and sanitation recommends its re-establishment at the earliest possible date."

IN JUSTICES' COURTS.

W. E. Murphy has filed an affidavit in France's court charging Daniel Hurley with having sold whisky to John Murphy, the said John Murphy being already intoxicated at the time the sale was made.

Charles Paris, a booze merchant doing business near Academy, was today fined \$10 and costs by Justice Houser for selling liquor without a license.

DECORATED WITH MEDAL.

At the close of the commencement exercises at Culver Military academy Cadet Lawrence J. Young, of this city, was decorated with a handsome gold medal by Capt. M. R. Adams, assistant inspector general of the United States army, in the presence of 3,000 spectators, the officers of the academy and Governor Shaw, of Iowa. Cadet Young, who holds a commission as captain, won the medal for his proficiency in cavalry drill and horsemanship riding, the latter embracing rough riding, vaulting, hurdle practice, mounting horses while leaping hurdles forwards and backwards, riding three horses over hurdles and leaping over two horses. Cadet Young was also captain of B company of the infantry battalion. Cadet Carl Burdette, another Fort Wayne boy at the academy, was promoted to corporal.

A TRAGEDY SUSPECTED.

Boys fishing in the river near the Clinton street bridge this morning telephoned to the jail that they had several times had their hooks caught on something in the water and on releasing them found what they believed to be human hair on them. The police department was notified and the patrol wagon with several officers, some grappling hooks and a boat were sent to the place. They searched about two hours, but could find nothing more suggestive of a human body around there than an old rubber boot which Officer Romy fished out with much enthusiasm and

the display of considerable piscatorial skill. The incident led to a report on the streets that a woman had suicided by leaping into the Maumee river from the Columbia street bridge and there was a considerable sensation for a little while.

SHOT IN THE BREAST.

Miss Matilda Sanders, of Ottoville, O., who is a guest at the home of Mrs. Theresa Fricke, of 132 Chicago street, was accidentally shot in the breast about 2 o'clock this afternoon by William Schlenker, a young man living nearby, who was shooting sparrows with a target rifle. The young lady was standing at the window in the Fricke home when one of the bullets glanced off and struck her, inflicting a painful flesh wound. Dr. W. D. Calvin dressed the injury and no serious results are looked for.

HAD A TASTE FOR PAINT.

Several valuable cows upon the dairy farm of Peter Certia south of the city ate a quantity of paint which was left within their reach a few days ago. Two of the cattle are dead, and another is dangerously sick.

AN ALL-AMERICAN VICTORY

CAP AND BELLS II. WINS THE
OAKS AT EPSOM.

Event is Second Only to Derby—
Horse, Owner and Jockey are
Genuine American Bred.

London, June 7.—Another of Britain's great racing trophies has been captured by America, Foxhall P. Keene having won The Oaks with Cap and Bells II., ridden by Milton Henry. The owner, horse and jockey are all thoroughbred Americans, and the victory was not diluted, as it was in the case of the derby. Yesterday long odds were obtainable against the American horse, but the odds shortened this morning until Cap and Bells II. stood at the head of the list and started at 9 to 4 against. The hollowness of the victory detracted from the interest in the race. The conditions of the race were as follows:

The Oaks stake of 4,500 sovereigns by subscriptions of 50 sovereigns each, for three-year-old fillies, to carry 126 pounds each, about one mile and half.

The following was the result in detail: Foxhall P. Keene's bay or brown filly, Cap and Bells II., Domino—Ben My Green, first; Lord Ellesmere's brown filly St. Brinette, Kelwarcy—Sibra, second; Richard Croker's bay filly Minnie Dee, Fitz-Simons' Daughter, third.

HERE TO SEE HICKS PROCESS

MANY MEN INTERESTED IN
MINING AFFAIRS.

Came to Fort Wayne to Witness Ex-
traction of Gold and Silver
From the Ores.

Quite a large party of gentlemen interested in mining affairs are in the city today to witness a public test of Dr. Hick's process of extracting gold and silver from the ores, and the experiments are conducted at the Bass works, where a complete plant has been fitted up.

The event is under the auspices of the Hicks Gold and Silver Extraction company, in which a large number of Fort Wayne gentlemen are interested, and two tons of selected ore from the Dahlouega mines, including the famous Findley chute, are to be used in making the test. The complete process will require three days for demonstration and the initial steps were taken this morning in the presence of a large number of visitors.

Among those here to witness the test are H. C. Martin, Los Angeles; E. H. Cook, Denver; W. M. Fisher, John and Louis Seibert, G. C. Scott, E. G. Dunbaugh, J. D. Cole, E. B. McCarter, H. B. Deardorff, J. J. Pullen, L. Krumin, E. F. Miller, Joseph Erb, Robert Safford, E. F. Olack, J. M. Briggs, T. L. Bigelow, L. W. Barton, Columbus, Ohio; George Oreed, Sterling Martin, Lancaster, Ohio; G. H. Bryman, W. E. Hettrick, Ferd Welch, Frank G. Thompson and J. W. Heinrich, Toledo; E. L. Reor, St. Clair, Mich.; A. R. McIntyre, A. R. Gladsmark, J. W. Merca, Battle Creek; C. H. Campbell, Chicago; J. G. Rosenthal, J. R. Simpson and F. R. Adams, Delaware, Ohio.

SICK BOY THERE

ALLEGED CASE OF SMALLPOX IN
POLICE COURT.

THE PARROTT TRIAL BEGINS

ATTORNEY BREEN ASSAILS
JUDGE LOUITT.

SAYS HE HAS NO AUTHORITY

CASE CONTINUED TO HEAR AR-
GUMENTS.

There was considerable suppressed excitement about police court when the case against George Parrott, charged with having removed a smallpox card from his house, was called for trial. The allegations upon which the charge was based were set out in Thursday's Sentinel. The city and county health officers both diagnosed a case of alleged chickenpox to be unmistakably smallpox, from which the patient, a little four-year-old boy, was convalescing. A card was put on the house announcing that the occupants had been exposed to smallpox, which card Mr. Parrott immediately tore down. Another card was put up and several others, and all were torn down. Thursday two affidavits were filed against Mr. Parrott and this morning was set for the hearing of the cases.

Owing to another professional engagement, City Attorney Shambaugh was obliged to delegate Col. R. S. Robertson to represent the city in the trial.

Mr. Parrott was on hand himself and was accompanied by his attorney, W. P. Breen, and to add a little spice to the occasion the boy said to be convalescing was also brought into court and played about his father's knee while the trial was in progress. When it was announced that the alleged smallpox victim was in court there was a little commotion in the lobby, but it soon subsided. After reading the affidavit, Mr. Breen created a mild sensation by filing an objection to the jurisdiction of the court, setting up in very forcible language that Judge Louitt is not a judge at all; that prior to the 9th day of May, 1901, there was no provision made for the election of a judge for the municipal court of Fort Wayne, and that the said judge had not been appointed by the governor and therefore was not entitled to sit; that his assumption of the duties of a judge was at variance with the laws of the state, the constitution of the state and the constitution of the United States.

The objection was promptly overruled by Judge Louitt. Attorney Breen then filed a demurrer, alleging the usual insufficiency of facts to sustain a cause of action, and further that the city had no right to pass an ordinance such as is on the ordinance books relating to the removal of cards such as are in question. The demurrer was argued at some length and was overruled, after which the defendant entered a general denial and stated that he was ready for trial, entering a plea of not guilty. The attorney for the defense intimated very strongly that the case would be carried to the court of last resort and insisted on every item of the record being completed in strict accordance with the rules of higher courts. The witnesses for the city are Drs. McBeth, Proegler and Lomas and Sanitary Officer Miller, while the defense introduced a number of reputable physicians to prove that there was no smallpox in the family of the accused at any time.

The witnesses for the city, with the exception of Miller, all testified that they had personally examined the case and that it was smallpox without any question. Miller testified only as to putting up the card under order of Dr. MacBeth. The witnesses for the defense, consisting of Drs. R. Parks White, C. F. C. Miesang, W. D. Calvin and I. Rosenberg, all testified that they had personally examined the case and pronounced it chickenpox, pure and simple. After the evidence was heard Judge Louitt made a point that it might be well to investigate as to the fact whether the health commissioner is invested with the same powers as were formerly vested in the board of health. By agreement the arguments in the case were then continued until tomorrow morning after police court.

F. J. Young, county superintendent of schools, is quite ill at his home on South Broadway.

AN ALLEGED HERESY CASE

DR. TUBBS IS OUT OF KANSAS WESLEYAN UNIVERSITY.

An Evolutionist Who Is Too Modern
in His Views—Faculty's Action
Resented by Students.

Salina, Kan., June 7.—The trustees of the Kansas Wesleyan university have refused to re-elect Prof. F. D. Tubbs to the chair of natural science, which he has held for the past two years. The cause of the dismissal is what is known among the Methodist clergy as "higher criticism" of the Bible, a mild phrase for heresy. The students are circulating a petition of remonstrance against the faculty's action.

Following the close of the college commencement exercises yesterday George A. Parrill, a member of the graduating class, asked the audience to remain. The students were intensely excited, and in the meeting which followed a number of them, nearly all theological students, some of whom are now filling pulpits, made fiery speeches, demanding that the board of trustees explain publicly why Dr. Tubbs had not been re-elected. None of the board responded to the demands, and Rev. W. D. Schermerhorn, of Lincoln, an alumnus of the university, attempted to pour oil on the troubled waters by suggesting that the board probably had good reasons for its action. The students refused to be appeased and insisted on their demands. Dr. McGuerk also made an impassioned speech in defense of Dr. Tubbs.

Dr. L. O. Haussel, a trustee, at length explained that Dr. Tubbs' case was in the hands of the executive committee, and a committee of the students decided to present their demands to that committee.

Rev. Dr. S. Daniel McGuerk, who has been closely associated with Dr. Tubbs, said: "The trouble with Dr. Tubbs is that he is an evolutionist, and he is simply teaching the same things that are taught in Northwestern university and the principal Methodist theological schools. There are a lot of old fogies among the ministers of this conference who want to deny the right of a man to think for himself. For my part I propose to think for myself and say what I think. They have been after me the same as they have after Dr. Tubbs, and I propose to leave this conference. If I can't get a transfer to suit me I will go on the lecture platform."

ACTOR PELL DIES.

Cleveland, O., June 7.—Hernce Pell, the young actor who yesterday shot himself at the Wyandotte, died early this morning at Huron hospital. Pell took a turn for the worse early in the morning from which at-

tack he never rallied. His friends and relatives have been notified. "I know I'm going to die; I know that this will be the end," moaned Pell, as he lay on a cot at Huron street hospital last night. For a time it was believed the actor would recover from the wound, but it was impossible to tell just to what extent he had been injured internally. For seven hours before his death he was conscious. He had been placed under the influence of an opiate. He kept repeating the statement that he was going to die and that nothing could save him. He kept silence as to the cause of his attempt on his life, and had nothing to say to those about him regarding the affair.

AN IMPORTANT SESSION.

The board of trustees of the Indiana school for feeble minded children met at the institution Thursday and transacted much business of importance. It was definitely decided

to erect a cottage for the accommodation of adult females of feeble intellect and the site was selected for the new building on the northeast corner of the grounds. The arrangement plan of the rooms of the new building, submitted by Mr. Johnson, was adopted and his ideas will be laid before local architects who will compete for the work. The new cottage will accommodate 100 persons. Superintendent Johnson states that twenty females will be admitted this month, as that is the maximum number that can be taken care of at present. These will be carefully selected as the commitments come in. The new building will probably be ready for occupation by next January and the work of making bricks at the institution brick yard will begin at once. Those in attendance at the meeting were John M. Spann, of Indianapolis; E. M. Wilson and Mrs. J. B. Harper, of this city, and Superintendent Johnson.

Untold treasures of money and jewels are believed to have been buried near the Angeli gate, Genoa, and treasure seekers are digging for all they are worth.

COURT NEWS.

Last Sunday the home of David Connett, a former living west of the county farm, was entered and robbed of a lot of small property. The thief secured a pocketbook containing several dollars, a ring or two and several other pieces of jewelry. The matter was reported to the sheriff's office and this morning Deputy Huguenard located his man and went about six miles out into the country and arrested him. His name is William Campbell, and after being brought to the city he confessed to the robbery and offered to restore the stolen articles. Accordingly another deputy was sent with him back to the country to get the stuff from its hiding place. Deputy Huguenard is entitled to credit for so quickly and cleverly effecting the capture of the thief as well as the return of the property.

D. Campbell was bound over to the circuit court in the sum of \$100 by Justice France. In default of bail the prisoner was sent to jail.

Laura Meyers has commenced proceedings for divorce from William Meyers.

New furniture is being placed in the township trustee's office. It was built by Edward Helmke, of this city, and is very pretty of design and handsome in finish, and the office now compares favorably with any in the magnificent new building.

H. Richard Koehn, of this city, today qualified as administrator of the estate of Elisha Green, late of New Haven, and filed his bond in the sum of \$32,000.

The claim docket will be called in the circuit court tomorrow morning.

H. G. Keegan, trustee, has filed an inventory of the stock of Arlow B. Himes, bicycle dealer.

The cases of William Fleming vs. the Nickel Plate railroad; Kerr Murray Manufacturing company vs. the Western Gas Construction company; Fred Conrady vs. Jacob C. Stoll, and Susan Grace vs. the Peter's Box and Lumber company have been dismissed in the circuit court.

In the case of Alex Lipes vs. Joseph Stigmaster judgment was rendered for the defendant for costs.

In the Schwanncke habeas corpus case Judge O'Rourke still has the matter under advisement.

The case of Chamberlain vs. Bosker is on trial in the superior court.

The Melick divorce case was dismissed by Judge Aiken today, as were also the cases of Knepper vs. Ellenwood and Fliun vs. Miller.

The county commissioners were disposing of ditch business today. For the Canaan ditch, between DeKalb and Allen county, H. M. Gump, Isaac Brush and Thomas Vanderan were appointed viewers. F. H. Harding, August Gradrian and Patrick Ryan were appointed viewers for the Bruick ditch in Jefferson and Milan townships, and for the Vanderan ditch in St. Joseph and Milan townships. Charles Gerardot, Nollis Lorien and George Granauer were appointed.

Women were first permitted to become employes in government offices in 1802, when Secretary of the Treasury Salmon P. Chase appointed six women clerks.

A Rattling Blue Serge Suit Bargain.

This is the weather for Serges, and this is the place to buy them. For just one week we will sell a fine Blue Serge Suit, color guaranteed, made up with French facings and satin pipings, for \$8.98. This suit is the regular \$12 suit; stylish and well tailored, but we'll demonstrate our leadership this week by selling it for \$8.98, on little weekly payments.

If you prefer a Gray, we have marked down a good one from \$13 to \$10.98; just for this week.

A SILK SKIRT TIP

A new lot of the cleverest designs you ever looked at are now here. Silk Skirts that most stores sell for \$18 will be sold this week for \$12 and \$15. These skirts will prove to you that our prices are the lowest; you'll quickly see how impossible it is for the ordinary store to compete with an establishment such as ours, with 25 large stores and a factory to supply them.

Style, Quality and Credit

Are the trio of factors that make this store popular. Little payments that are never missed. Square dealing in every transaction.

DRY KILN BURNED.
The dry kiln of the stove factory at Arcola, owned by O. S. Gandy & Co., of Chubbuck, was burned last evening and the loss is estimated at \$1,000. Much of the contents was saved from destruction, but the building is a total loss. Heroic work on the part of residents in the vicinity prevented the fire from spreading to other buildings. The fire is thought to have been of incendiary origin.

CASE IS SERIOUS.

The condition of Joseph Rice, whose case was noted in The Sentinel last evening, is regarded as quite serious, but it is believed he will recover. Mr. Rice is a prosperous farmer living near Sheldon and suffers from lameness, which were brought on by over-exertion in loading forty heavy sacks of wheat on a wagon. Mr. Rice, if he recovers, will be obliged to give up farming, for this year at least.

WEDDING WAS DELAYED.

(Bluffton News.)
Henry Campbell, who was to have been married last night, discovered too late that his bride would require an Allen county license, as she resides in Sheldon. He rode to Fort Wayne on his bicycle this morning to remedy the defect and the wedding will occur tonight. Miss Bartholomew arrived on the 5 o'clock train, but was unaware of the fact that a license would have to be secured in Allen county.

WANTS LOVER ENJOINED.

Toledo, Ohio, June 7.—For several weeks Miss Maria Aletta Lent, an abolitionist, has been annoyed by letters, messages and calls from Attorney John P. Delphay. The letters breathed ardent love. Delphay was quietly summoned before Judge Millard, who secured a promise to discontinue his attentions. Within two days after he had sent her several more letters. She then appealed to the court to enjoin him from making love to her, writing her letters or notes, and calling at her home. She avers that he hangs about her home night and day, raps on the windows and doors, stops her on the streets, and has nearly driven her insane by his persistent attentions. He filed his answer yesterday, in which he denies in general the allegations, works in some poetry, and asks that the petition be dismissed. A few years ago Delphay was arrested for attempting to kiss the noted socialist, Geneva Johnstone Bishop, in the elevator of a downtown store. He was sentenced to the workhouse, where he refused to work. He is a bachelor aged forty, and enjoys a good practice.

It is well that international yacht racing is fostered by men of unlimited wealth. Otherwise the patrons of that glorious sport would soon be as thoroughly "broke" as the sparrows of their boats.

An important decision referring to the eligibility of Porto Ricans to examination for federal appointments has just been rendered by the Hon. John R. Proctor, chairman of the civil service commission. Mr. Proctor holds that Porto Ricans are citizens of the United States and as such on the same footing as residents of

States on the mainland. The Washington Times says the opinion appears to be unassailable, but thinks the question is, will the republican national committee permit it to go unassailed.

As indicated by the reception accorded Senator Depew's remarks nominating William McKinley for the presidency in 1904 it is clear there are a lot of republican editors in the country who do not know how to take a joke.

The educational value of books is shown in the deed of the Ohio lad who stabbed his sister to death, strangled the life out of his younger brother, then fired his father's barn and made it his funeral pyre. The kind of education of course depends upon the character of the books from which it is acquired. The Ohio boy fed his mind on the penny-dreadly variety.

Mrs. Laura Schwichtenberg, a wealthy young widow, has decided to devote her life to the leper colony on the island of Cebu, one of the Philippine archipelago. Some time ago she received, at her request, appointment as government inspector of hospitals in the Philippines, at which time she visited the leper colony, declaring that her commission took that in, as the whole colony was a hospital. She was greatly impressed with the lack of sanitary conditions prevailing with the hopeless condition of the 30,000 lepers congregated there, and especially with the large number of sad children. "I did not see a single happy face there," she says. "The scenes still haunt me. I long to return and take a little sunshine into their lives."

Mr. Martin H. Glover, ex-congressman from New York, evidently believes in upholding the dignity and emoluments of his office. Having retired from congressional service on account of the bad taste of the voters in electing someone else, he received one of those St. Louis fair commissions and last month the United States treasury sent him a draft for \$192 for the salary from April 17, the date when he took the oath of the new office, to the end of the month. Mr. Glover returns this draft, declining to take anything less than \$384, the salary for a full month. People who think that this action is wholly due to Mr. Glover's thrifty mind do not give sufficient attention to the art of doing things thoroughly. Mr. Glover has so far had but two things to do in connection with his present office, namely, taking the oath and drawing his salary. He made a thorough job of taking the oath, and he is evidently determined to show equal thoroughness in the other part of his duties.

COMMON SALT SAVES LIFE.

Martinez, Ill., June 7.—Mrs. Charles Graham, wife of a farmer at Sugar Creek Point, Edgar county, was suddenly stricken several days ago by an acute stomach disorder while feeding poultry and fell on the turf apparently lifeless. Her relatives were unable to arouse her from the death-like stupor and powerful stimulants were ineffective. As a last resort the physician, Dr. W. H. Hoff, injected a solution of common salt into the woman's veins and in two hours she was out of danger. Her recovery since has been complete.

Don't Experiment—Take S. S. S. for no sooner does it get into the circulation than the appetite increases; you grow stronger, and gradually but surely it drives out the poisons and restores the blood to a healthy condition. If there is a sore or ulcer on the body, it begins to heal around the edges, the discharge finally ceases and the place gets well; muscular and bone pains vanish, and the skin is relieved of all itching, irritating eruptions. Nervous, run down and anemic patients find S. S. S. just the medicine they need, for blood poverty and ill nourished nerves are responsible for their condition. For old people and children S. S. S. has no equal; being free from all minerals, it does not nauseate or have any injurious effect whatever, and keeps the blood in good condition, thus fortifying against disease. Experience teaches what is good and what is not good; this applies particularly to medicine, and S. S. S., a remedy that has retained the confidence of the people for nearly 50 years, must have merit—its cures, is the secret of its success. When you call for S. S. S. don't be persuaded to accept something else—there is no substitute for S. S. S. It is the only guaranteed purely vegetable blood purifier, and the safest and best for all blood and skin troubles. Do not let them force an inferior mineral remedy on you because there is a larger profit in it. If you have any blood or skin disease, don't hesitate to write us about it; our physicians will carefully consider your case and advise you without charge. Book on Blood and Skin Diseases free.

An Old Friend

S. S. S. has been before the public for many years; from a small beginning, it has steadily worked its way into the hearts of the people. Its staunchest friends are those who have known it longest and have witnessed its wonderful curative powers in their own families or among their friends and acquaintances. Grateful patients in all parts of the country tell of their restoration to health and happiness, and the testimony of these is the highest evidence of the medicine's worth. S. S. S. is more popular today than ever in its history—no other remedy stands so high, has ever given such perfect satisfaction or is so reliable in the cure of Cancer, Rheumatism, Catarrh, Contagious Blood Poison, Scrofula, Pile, Psoriasis, Salt Rheum, Acne, or any disease that originates in the blood. Being strictly a vegetable preparation, you will find it agrees with you much better than a drug store concoction or any of the widely advertised potash and mercury remedies, which affect the bones, muscles and stomach, causing Rheumatism or Dyspepsia. WAS A BAD BLAZE

(Continued From First Page.)

pare for the Elks' state meeting next week, and the decorators would have completed the job today. The water and smoke have ruined the work of months, and just at this time, when thousands of visitors are expected in the city, the loss is particularly unfortunate. Very nearly every room in the hotel will have to be redecorated.

ORIGIN IS UNKNOWN.

No one is able to explain the origin of the fire. There was at first a presumption that the blaze was due to crossed electric wires, but Secretary Guild, of the Jenney Electric Light and Power company, who inspected the building this morning, says he is unable to find a trace of an electric wire in the attic where the trouble started. Mr. Mills, the manager, says that so far as is known, no person has visited the attic for several days.

Estimates of the loss vary somewhat, but a conservative figure is believed to be at least \$20,000 upon the building and contents. This is covered by insurance. Much of the loss to Manager Mills, who owned the furniture, fixtures and stock, will be from smoke and water, and the insurance men this morning ordered the immediate removal of the carpets and tapestries for renovation. The insurance adjusters will arrive in the city by Monday.

The guests were aroused in ample time, so that very little of their property was lost. The hotel barber shop and the Grosjean grocery, on either side of the main portion of the hotel, suffered slightly from water, but business was uninterrupted.

THE INSURANCE.

The following official list of insurance carried on both building and contents is furnished The Sentinel by Ed M. Wilson, of the firm of Schrader & Wilson:

—On Hotel Building; J. C. Peters, Owner.

Schrader & Wilson agency—Northern Assurance company \$ 3,000

Total insurance on contents, \$12,500

As soon as it was known the fire would be an extensive one the other hotels of the city promptly threw open their doors to the guests of the Wayne and all were comfortably housed for the night.

TO BEGIN AT ONCE.

J. C. Peters, owner of the Wayne hotel building, stated to The Sentinel this morning that the work of repairing the structure would begin as soon as mechanics could be secured to do the work. The insurance adjustment should be completed within a few days and the work of reconstruction will be pushed along as rapidly as possible.

Manager Mills, as he gazed over the scene of the ruin, stated that he would lose no time in getting the hotel in running order again. Mr. Mills was of the opinion that it might take sixty days to complete the repairs.

The hotel was built in 1886 by John C. Peters, who still owns it. W. M. McKinzie was the first landlord, conducting the hotel until little more than two years ago, when he sold out to R. O. Rankin. The latter retired but a few months ago, when G. J. Mills purchased the property and began the extensive improvements which were nearing

completion as the disastrous blaze occurred.

DEATHS AND FUNERALS.

PAUL.

Ferdinand C. Paul died Thursday night at the home of his son, C. E. Paul, 38 East Fifth street, from asthma, at the advanced age of seventy-three years. Mr. Paul was a native of Germany, but came to America forty-nine years ago.

From 1851 to 1897 Mr. Paul was employed in the blacksmith shops of the Pennsylvania company in this city. He then removed to Logansport, where he worked until 1898, returning to this city in 1898.

He was a cousin of the father of H. C. Paul, and shortly after coming to Fort Wayne was united in marriage to Mrs. Mary Whaley. He leaves two sons, C. E. and F. H., and has made his home with the former since the death of his wife nearly four years ago.

Brief funeral services will be held from the residence Saturday morning at 8 o'clock, conducted by Rev. Bohm, of Trinity Lutheran church, and the remains will be shipped to Logansport for interment.

FUNERAL ANNOUNCEMENTS.

Stoehr—Funeral services of Frederick Stoehr will be held Sunday morning from the residence, 502 Hanna street, under the auspices of the Carpenter's union, of which the deceased was a member.

Zimmerman—Funeral services of Mrs. Justine Zimmerman will be held from the residence, 179 High street, Saturday afternoon at 2 o'clock.

Schramm—Funeral services of Mrs. Laura Schramm will be held Saturday morning at 9:30 from the residence, 251 East Washington street, and at 9 o'clock from St. Mary's Catholic church.

Wohlfort—Funeral services of George F. Wohlfort will be held from the residence, 389 Calhoun street, Saturday afternoon at 2 o'clock.

NEWS GATHERED IN CITY HALL.

At the board of works meeting last night most of the time was occupied by the discussion of the ordinance providing for the placing underground of all electric wires on Barr street. Councilman Rosey contended that by compelling the several companies to place their wires underground the said companies might gain additional privileges not contemplated by the original franchise.

City Attorney Shambaugh explained that compelling the burial of wires was simply the exercise of a police power. Representatives of all the corporations having wires on the street were present and all expressed a willingness to obey any order made by the board, except Manager Scott of the Traction company and Manager Taylor of the Central Union Telephone company. The matter was undecided and left to go over to another meeting to be held next Monday night.

Plans were approved and resolutions passed for paving Fairfield ave-

nue, from Jefferson street to the north line of Brackenridge street; for paving the alley between Wayne and Washington street, from Fairfield avenue to Fulton street; for sidewalks on the east side of Dearborn street, from St. Joe boulevard to Columbus avenue.

Bids for repairing the abutments of the Clinton street bridge were received and taken under advisement.

The petition of the Wabash railway company, through Agent J. Sullivan for permission to lay an additional track across Fairfield avenue was granted. Plans were ordered for sidewalks on the north side of Columbus avenue, adjoining the bridge and for paving the alley between Wayne and Washington streets, from Clinton street to the White Fruit House.

DIED IN DANBURY.

A telegram to Clark Fairbank Thursday announced the death of his brother-in-law, Harrison Flint, of Danbury, Conn. The deceased had a number of acquaintances in Fort Wayne, and occasionally visited at the Randall homestead. He was prominent in the financial affairs of his state and an extensive manufacturer. Mr. Flint was formerly in partnership with the late Gen. B. F. Butler and the firm manufactured the first bunting made in the United States. A wife, son and daughter survive him.

The treasurer of the Visiting Nurse League reports the donation of \$5 from "A Friend."

FORT WAYNE PEOPLE.

It is by the words of the people that Dr. A. W. Chase's Nerve Pills have come into such active demand. The announcements for this medicine are not dependent on the testimony of people so far away that they cannot be authenticated. Its home evidence that convinces because easily substantiated. Its simple statement of things done and told in the words of the relieved.

Mrs. J. M. Kress, of No. 113 Broadway, Fort Wayne, Ind., says: "I think Dr. A. W. Chase's Nerve Pills are just splendid. I was badly in need of a nerve tonic, as I was depressed, weak and nervous. I got some of the medicine at Myer Bros. & Co.'s drug store, No. 14 Calhoun street, and they built me right up, gave me strength, energy and made the nerves good and steady. I am very much pleased with the medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

CLOSING OUT SALE!

\$20,000.00 stock of desirable dry goods to be sold without regard to former cost or value.

THE JAMES TAFT STORE, 54 CALHOUN STREET.
Sale Opens Saturday Morning, June 8th.

\$5,000.00 worth of New Summer Wash Goods, Hosiery, Underwear and Silks just released from litigation and now placed on sale for the first time. This stock and fixtures was bought of Ronald Dawson, Receiver, at public auction for a sum not exceeding 35c on the dollar. It will be placed on sale on the above date at

25 and 35 CENTS ON THE DOLLAR.

The most staple articles of dry goods you will find on sale here at from one-third to one-half. We say with confidence the prices are the lowest ever made on first-class merchandise, and urge the public to take an early advantage of this gigantic Closing Out Sale, which opens promptly Saturday morning, June 8th, at 8:30 o'clock. Necessity knows no bounds. These prices will speak for themselves.

Statement to the Public.

In explanation I wish to state that I was forced to purchase the James Taft stock to protect my mortgage interest in same. I am not a dry goods merchant. It is therefore my desire to relieve myself of the store and stock as soon as possible.

To accomplish this end I have placed in charge an efficient manager, with instructions to realize amount of my claim in shortest possible time without regard to cost or value.

I am assured there is from \$18,000.00 to \$20,000.00 worth of merchandise in the stock. The amount necessary to satisfy my claim will permit stock to be sold at 25c to 35c on the dollar.

This would therefore appear to be an unusual opportunity for the people of Fort Wayne to supply their dry goods wants cheaply.

Headache Medicines.

As a class, headache medicines are apt to be dangerous. It is very easy to affect an instantaneous cure by simply giving a narcotic of some sort, but beware of the after effect; they are always bad and often positively dangerous. We guarantee Dr. Brooks' Headache Powder to contain no harmful drugs and to cause no bad effects. The constant and unceasing demand for this preparation without a single complaint proves we have a splendid formula.

The Fort Waynes started out yesterday by winning the first of the 103 games they are booked to win consecutively, and they were against the toughest proposition in the association at that. Up to date Fort Wayne has beaten Indianapolis three out of five games played which is just a little better than any other club can boast of. The boys had on their batting clothes again yesterday and not only hit the ball, but hit it at the proper time, too. Daniels, who pitched for "Doggie's" men was hit often enough but the fielding behind him was perfect and he managed to keep the hits well enough scattered to keep the Indians from piling up runs. Fort Wayne made six hits and three runs in the first inning after two men were out and that seemed to get the nerve of Watkins' men and after that they were easy picking. Following is the score.

BASE BALL BRIEFS.

Pitcher McFadden is slated for release by Cincinnati.

Mullane has asked for his release from Columbus and his request will probably be granted.

Tuck Turner has not yet made up his mind whether he will go to Colorado Springs or not. Tuck will, though.

Vassbinder, who is back in the game for Marion, reports that his salary wing is "dead," being thus laid to rest.

Columbus has two new players.

Pitcher West, of Indianapolis, and Charles Evans, formerly of the Atlantic league.

Fort Wayne played its first errorless game of the season yesterday, and that against the strongest team of the league.

Billy Bergen acted as receiver for the curves of the great Rustie in the Cincinnati-Brooklyn game Wednesday during the last few innings.

Texarkana, Ark., has a negro pitcher who can pitch effectively with either hand and he frequently alternates. He struck out sixteen men in one game.

McCann seems to hit better when he is away from home. He got two hits in yesterday's game. Fuller carried off the batting honors and has three hits to his credit.

Jimmy Wolf, formerly outfielder for Louisville and later a member of the fire department in that city, is insane from the effects of a fall from his engine. He imagines some one is trying to poison him.

Jack Glasscock predicted that the Western association wouldn't last a month in the early part of the season, when he was in Fort Wayne signing players. Jack has been ditched by Minneapolis and now he is trying to break into this same Western association. Funny that old "Pebbles," who has a reputation for shrewdness, would want to back such a losing proposition.

Jack Harper, with Fort Wayne last year, was pitted in the game with New York Wednesday against Matthews, of New York, and the "phenom" of the season failed to land a victory. The St. Louis papers are unstinted in their praise of the handsome young twirler and he can have anything he wants. In Harper, Bergen and Krueger Fort Wayne has three graduates in the National league who are making records for themselves.

Base ballers will await with interest the Nick Young-Freedman-Nash mix-up in the National league. Freedman says Nash will not be allowed to umpire a game in which New York plays and Uncle Nick says he will. Something will have to drop, and that pretty soon. It is sincerely hoped in the base ball world that the National league boss will meet his Waterloo in the case. "The curse of Freedmanism" has rested upon the major league too long.

The Grand Rapids papers are predicting that the Western association is on the verge of dissolution and they affirm that if Walter Wilhelm was to transfer his team of "gray-haired and aged used-to-be's" to Grand Rapids they would be boycotted. Poor old Grand Rapids dies hard. Dropped in disgust from the best league they were ever in, they seek consolation in amateur games; and ceaseless knocking against the Western association. It might be well to add that the Western association will be found doing business at the same old stand each season until the three-year agreement expires.

THE MARKETS.

Chicago, June 7.—Low temperature in the northwest with predictions of killing frosts proved conducive to marked firmness during the early part of today's wheat market session, but on heavy local liquidation the advance was soon wiped out. July opened 1/4c to 3/4c higher at 73 1/2c to 73 3/4c, advanced to 74 1/2c and fell straight away to 73c. Minneapolis and Duluth reported 341 cars against 650 last week and 430 a year ago. Local receipts were 66 cars, 20 of contract grade.

Corn was dull and affected largely by the course of wheat. July opened a shade low, 1 1/4c@1 1/2c higher at 43 1/2c to 43 3/4c, rose to 43 3/4c and reacted to 43 1/2c. Local receipts were 340 cars, 33 of contract grade.

Oats were slightly firmer. July opened unchanged to 1/4c higher at 27 1/2c to 27 3/4c on weather conditions, touched 27 3/4c and reacted to 27 1/2c. Local receipts were 201 cars.

Lard again was the feature of the provision market. There was a fair demand, however, for all other commodities. July pork opened 5c higher at \$14.07 1/2 and improved 2 1/2c. July lard opened 2 1/2c@2 3/4c higher at \$8.37 1/2@8.40 and sold up to \$8.42 1/2. July ribs opened 2 1/2c higher at \$7.05 and gained 2 1/2c.

THE CLOSE.

Prices at the close were as follows: Wheat—June, 72 1/2c; July, 73 1/2c; 73 1/2c; Sept., 70 1/2c@70 3/4c.

Corn—June, 42 1/2c; July, 43 1/2c; Sept., 44 1/2c.

TUESDAY ON WALL STREET.

New York, June 7.—Notwithstanding sharp advances in the Tobacco stocks and one or two Southwesterns the market generally showed a sagging tendency. Declines reached about a point in Pennsylvania and St. Louis and San Francisco. Three thousand shares of American Tobacco sold at 142 1/2 to 142, compared with 140 1/2 last night. Continental Tobacco was up 1/4. The stocks were affected by the organization of the new consolidated tobacco company to combine them, Kansas and Texas 1/4 and Missouri Pacific a point. Sugar after opening unchanged, ran up over a point allowing for the dividend off.

There was a somewhat abrupt uplift to prices of a few stocks which created uneasiness among the shorts and they covered heavily in the railroads and high-priced specialties. Rock Island made the most extensive rise of 3 points, but some of the Southwesterns and Southern railroads and Coalers were more active and held smaller advances more tenaciously. Louisville improved 2 points and Pennsylvania, Erie, Ontario and Western, St. Paul and Denver preferred, American Car, Minneapolis and St. Louis, Union Pacific, Texas Pacific and Amalgamated Copper ruled 1@1 1/2 higher. Texas Pacific had about all its rise, but hardened again, and a rapid fall of 1 1/2 in Chicago and Alton was followed by a rally of 3. Union Pacific was offered freely when it crossed 110 and reacted 1/2. Other stocks weakened sympathetically. Rock Island's loss reaching 2. At 11 o'clock support was manifest in spots. NEWS OF THE POLICE.

Charles Jones, a painter employed by Contractor Andrews at the court house, was arrested last night at the Wayne hotel on suspicion of endeavoring to steal some property from one of the rooms. He pleaded that he went to the room of Contractor Andrews, who is out of the city, solely to save any personal property of his that might be in danger of destruction or damage. His story was a straight one and the case was continued until next Tuesday when Mr. Andrews will be in the city. Jones was released on his own recognizance. A Sentinel representative was standing in the office of the Wayne hotel last night during the fire when Jones came in and inquired of the clerk whether anybody had been in Andrews' room to remove any of the contents; the clerk could not satisfy him and just then Mr. Mills, the proprietor, came rushing in and Jones asked him where Andrews' room

INSTANTLY KILLED

J. M. CRAIG LOSES LIFE AT
MIDDLEPOINT.

FOUR CARS PASS OVER HIM

BODY FRIGHTFULLY MANGLED
BY WHEELS.

TURNER AND MILLER IN LUCK

PROMOTED TO HIGH PLACES ON
PENNSYLVANIA.

A telegram from Conductor Zurbach, who has charge of an extra local switching train between this city and Lima, brought a most startling piece of news to the officials of the Pennsylvania company this morning. It was to the effect that Joseph M. Craig, road supervisor, was suddenly killed at the stone quarries at Middlepoint, Ohio, at 7 o'clock this morning.

Nobody witnessed the accident, but the body was found immediately afterwards. Circumstances indicate that Mr. Craig was leaning against one of the four cars attached to engine 243 and that he was knocked down when they were moved and run over, cutting his body in a horrible manner and instantly crushing out his life. It is believed that the engine and the four cars passed over the body. The remains were picked up and turned over to an undertaker and later taken to Van Wert, the home of the Craig family, where the bereaved wife and children sorrowfully awaited the coming. Joseph Craig, formerly a conductor on the Pittsburgh road, and Sid P. Craig, now running an engine on the same road, are half-brothers of the deceased. Mr. Craig often visited these gentlemen and his official duties brought him here very often. He was in the city yesterday for a few moments and conversed with a number of his friends.

The funeral arrangements are not complete, but it is believed that the sad rites will be held at Van Wert Sunday. Many railway men from Fort Wayne will attend and for their accommodation the company is likely to put on some extra cars on the trains most convenient for their purpose.

Mr. Craig was fifty-six years old and was one of the best known and most generally admired men in the maintenance of way department on the western division of the road. All the trainmen and those in the employ of the maintenance of way or transportation departments knew him and many expressions of sorrow were heard by The Sentinel reporter as he made his rounds of the Pittsburgh shops and offices today.

The records in the Pennsylvania offices show that Mr. Craig's services with the Pittsburgh, Fort Wayne and Chicago road commenced as a blacksmith helper in 1881. Then he was transferred to the maintenance of way department and was soon made a section foreman. Later he was promoted to a work train conductor and twenty years ago he became road supervisor, having charge of the territory from Lima to and including Fort Wayne. Before going into the shops he was employed as water boy for the graders and tracklayers who built the road.

WANT A BIG JOINT MEETING.

A movement looking towards a grand meeting of all the railway brotherhoods in August in this city has been started by the local lodge of the Brotherhood of Railway Trainmen. The project will be given definite shape at the meeting of the latter body next Sunday. A similar meeting in Toledo last year brought together nearly 15,000 railway men and resulted in much good to them and the orders they represented. It is believed that a similar meeting here could be even more successful if properly managed. The trainmen, if they conclude that indications are favorable to such a joint affair, will lay the matter before the other four brotherhoods and ask co-operation in the consummation of the plan.

HURT WORSE THAN SUPPOSED.

The injury sustained to his eyes yesterday by Blacksmith H. S. Buckley, of the Wabash, was greater than he supposed and he will go to Springfield to receive treatment from the railway company's oculist. In addition to the burn the borax in itself severely injured the optic.

INSTALLED A MOTOR.

The machinery in the car machine shop at the Pittsburgh will soon be driven entirely by electric power. A forty horse power motor, which was recently installed in that department, was given a test last evening and found to be perfect. This machine will still further relieve the steam engine in the planing mills department of the work it has so ably performed for so many years. The machinery in the planing mills will continue to draw their motive power from the old stationary engine.

SEVERAL MINOR ACCIDENTS.

Five men employed in the Pittsburgh shops were victims of accidents yesterday, but fortunately none were seriously injured. E. W. Hoss, of the round house, had his wrist sprained. W. A. Wies, a car builder, and the little finger of his right hand pinched. Thomas Patton, a machinist, dropped a heavy lifting jack upon one of his feet, bruising the toes painfully. J. Boone, also of the machine room, had the back of his neck burned. He was engaged in pouring molten lead into the wheel center of a locomotive driver when the metal exploded and scattered over him and his comrades. Luckily the others escaped injury. C. W. Miller, of the boiler shop, got a piece of steel in his eye. The metal was removed by Dr. R. Parks White.

WILL TAKE A TRIP.

Passenger Engineer D. P. Eldred and his family, which includes Fireman and Mrs. C. B. Bowman and Mrs. Eldred, have planned a trip which will consume two or three weeks and include a visit to New Philadelphia, Ohio, the old home of the family, and possibly to the Pan American exposition at Buffalo. They will leave in a few days.

NEW INTERLOCKING PLANT.

The building of second track has necessitated the enlargement of the interlocking station at Dunkirk, the crossing point of the Pittsburgh and the Toledo and Ohio Central roads. As a consequence a forty-lever plant will be put in operation there next Monday, taking the place of a twenty lever plant. This is one of the best interlocking plants on Division C. The double track ends at Dunkirk.

ROLLED BACK IN THE DITCH.

An aggravating mishap occurred at Columbus City this morning, where the Fort Wayne wrecking gang is endeavoring to lift one of the big G-4-A freight engines from the ditch. When the ponderous machine was elevated upon the scaffold, preparatory to transferring it to the rails, the supports gave way and the engine rolled back in the ditch in a worse shape than it was before the wreck crew took hold of it. In his efforts to get out of the way of the falling locomotive, Mr. Pierceton, a car repairer who resides on Hannan street, had one of his legs painfully sprained.

DYNAMOS FOR CHILI.

A shipment of dynamos—two of forty light capacity each and one of 120 light capacity—left the Electric company's works this morning for Valparaiso, Chili, where they will become a part of a lighting plant. Other shipments from the works today were a big switchboard outfit for the American Wooling company, to Harrisville, R. I. This firm owns and operates a number of woolen mills in the east and buys all of its electrical machinery of the General Electric company and that company in turn buys it of the Fort Wayne firm. A motor was also shipped from the works for Xenia this morning.

ENLARGING THE PLANT.

The capacity of the erecting department of the Wabash shops is soon to be increased. Six engine pits are now well under construction in the west side of the new shop and soon engine repairs of a general character can be accomplished there as well as in the back shop. The stone for the foundation for the big transfer table is on the grounds and the work of building the foundations will be taken up as soon as the masons complete the engine pits. This transfer table will be operated by compressed air.

TURNER AND MILLER IN LUCK.

Indianapolis, Ind., June 7.—V. T. Malott, receiver for the Vandalia system and trustee of the Terre Haute and Indianapolis railway, announced today the appointment of Superintendent H. I. Miller to the position of general manager with headquarters at St. Louis. J. J. Turner, present general manager, will re-enter the service of the Pennsylvania lines at Pittsburgh.

INDUSTRIAL NOTES.

Henry Shuster, of the Bass blacksmith shop, is sick and off duty. Herbert P. Black, an air brake inspector for the Pennsylvania, is sick and off duty.

Nickel Plate brakeman John Miles has taken a lay off for the purpose of going fishing.

Engineer E. L. Tenny and Fireman W. E. VanDunkirk, of the Pittsburgh, are sick and off duty.

A. Kruckeberg, of the Pittsburgh planing mills, left this morning for Chicago, where he will visit over Sunday.

Hazel, the bright little daughter of Night Yardmaster W. E. Rowe, of

the Wabash, is recovering from a severe illness.

Nickel Plate engine 35, just out of the Stony Island repair shops; has gone to the eastern division to go into service.

A. P. Smith, a Pittsburgh conductor, is suffering from a bad attack of the mumps and is likely to be disabled several days.

Fred Glesenkamp, of the Pittsburgh blacksmith shops, has recovered from his recent illness and this morning reported for work.

Nickel Plate Fireman Will Thompson, who was away visiting relatives two weeks, resumed work on the Nickel Plate yesterday.

Julie Henry and L. Linker, of the Pittsburgh shops, are sick and W. H. Korte, of the same shop, is taking a lay off to attend to private affairs.

Among the high school excursionists this morning was John Leach, jr., messenger in the master mechanic's department at the Pittsburgh shops. Nickel Plate Fireman A. Grater has gone to Knox, Ind., to take the place of John Scherer in watching the local engines at nights. The latter is sick.

Machinist Fred G. Olds, who had been out "on the road" looking after the Relief business, resumed his place at the planer in the Pittsburgh shops this morning.

W. P. Whitlock, of the Pittsburgh shops, is preparing for a piscatorial trip to Atwood. William is an expert with the hook and line and will come home loaded with bass.

Machinists Herman Regel and Henry Meyers, of the Bass works, have returned from Monessen, Pa., where they were engaged several weeks in setting up some Bass engine machinery.

A large banana rat was killed by the freight handlers at the Pittsburgh warehouse last evening. The rodent was brown in color and had more the appearance in general form and looks of a squirrel than of a rat.

On July 1 F. E. House, general manager of the Bessemer and Lake Erie railroad, will go to the Duluth, Mead and Northern road and the Duluth and Iron Range road as president and general manager.

The Wabash is having its excursions into this city June 16, the date of the great turnfest, extensively billed at all points between Lafayette and Toledo and Col. R. C. Thompson expects a big crowd here on that day.

L. Bates, who has been on the Cleveland and Pittsburgh division of the Pennsylvania lines for several weeks, operating a big steam shovel, has returned here to take charge of the steam shovel at the east yards next week.

The employees in the Panhandle shops seem to be more busy than are the employees in the shops of the company on the northwestern system. Down there machinists are working ten hours per day for the first time in June since 1893.

William H. Brenner, of Edgerton, for some time serving as a deputy sheriff, has been induced by Capt. Henry Stoll, of the Pennsylvania police department, to take a position in that department. He has been assigned to duties at Rochester, Pa.

Local members of the Brotherhood of Railway Trainmen have received invitations to attend the grand picnic of the Terre Haute branch of the order next Sunday. The affair will be held in the fair grounds and it will be a notable event in brotherhood circles.

In accordance with seniority rules, Passenger Fireman J. W. Moore and J. Godfrey have exchanged runs on the Nickel Plate and the former is now with Engineer George Cooper on trains 5 and 4 and the latter with Engineer Simon Coogan on train 1 and 6.

Messrs. Welch and Murphy, car wheel moulders, who have been employed in the Chicago foundry of the Bass company for some time, arrived here last night and will work in the foundry on Hanna street pending the removal of the Chicago foundry to its new quarters.

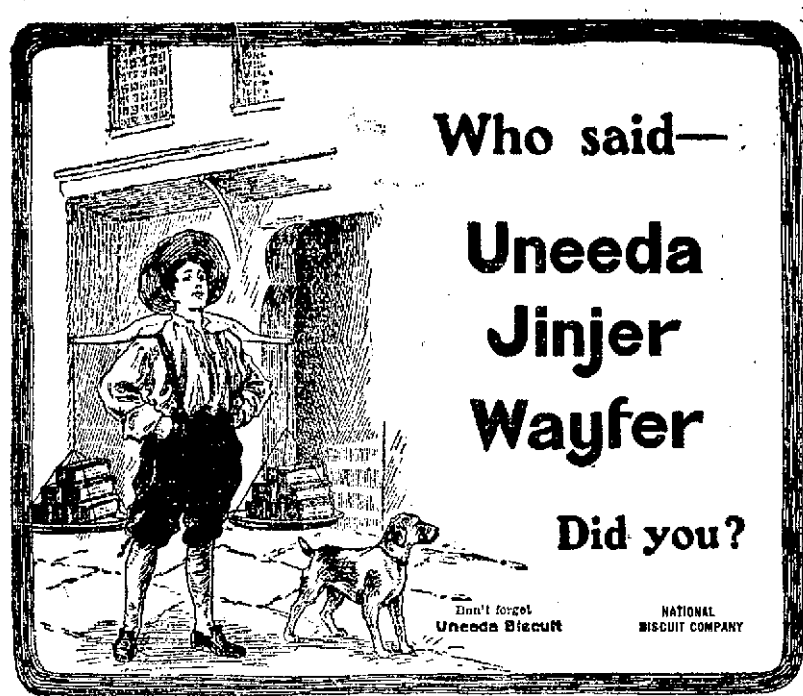

A train of twenty-nine cars loaded with dressed meat from the packing house of Morris & Co., of Chicago, passed east over the Nickel Plate at 6 o'clock last evening. This shipment is for export. The train was scheduled almost as high as that of the ordinary passenger train.

The Nickel agent of the Cincinnati, Hamilton and Dayton company at Lima will soon be out of a job unless the company assigns him other duties. That office will be consolidated with the office of the Lake Erie and Western June 15 and the agent of the latter will be placed in charge.

Indianapolis Journal: "Under present arrangements the Ohio River railroad is in a position where it must sooner or later be absorbed by the Pennsylvania. The road now forms a short line between Wheeling and Cincinnati, via Parkersburg, and the Pennsylvania runs solid trains over it."

Less than 200 people took in the high school excursion to Rome City today. About 100 went down to the resort on the 8:50 train and possibly an equal number went down on the noon train. There were many more tickets sold, but the weather was too cold for comfort on the lake and the purchasers of the tickets remained at home.

Contractor William Galmier is about to complete a store room building at the Western Gas Construction

works. These works are constantly being enlarged to keep pace with the increasing business the firm is doing. A large force of workmen is employed there, since the works began doing much of the work it formerly placed with the foundries and boiler-makers elsewhere in the city.

WORK MOVING NICELY.

(Huntington Democrat.)
F. G. Morehouse, paymaster for Townsends, Reed & Co. proprietors of the Fort Wayne and Southwestern Traction company, went over the line between Roanoke and this city Wednesday paying off the employees for the last month. It was the second monthly pay day and the pay roll amounted to \$2,500. The company is in earnest and has the money backing it to push the line as rapidly as possible.

Mr. Morehouse says that he is much pleased with progress made. All grading is completed between here and Roanoke and the laying of track may begin any day. The force of men is now at work in Roanoke and grading north.

Mr. Moran, the company's engineer, is in the city supervising the erection of the power house, the foundations of which are already begun. All in all, the traction line work is progressing nicely and Huntington people will be using the cars by the middle of this summer.
